However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consultation with the mother, from discharging the mother or her newborn earlier than forty-eight (48) hours (or ninety-six (96) hours as applicable). In any case, this *Plan* may not, under Federal law, require that a provider obtain authorization from the *Plan* for prescribing a length of stay not in excess of the above periods.

Statement of ERISA Rights:

Participants in the **Plan** are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all participants shall be entitled to:

1. Examine, without charge, at the **plan administrator's** office and at other specified locations, such as worksites and union halls, all documents governing the **Plan**, including insurance contracts and collective bargaining agreements and a copy of the latest annual report (Form 5500 Series) filed by the **Plan** with the U.S. Department of Labor, if applicable.
2. Obtain, upon written request to the **plan administrator**, copies of documents governing the operation of the **Plan**, including insurance contracts and collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description, if applicable. The **plan administrator** may make a reasonable charge for the copies.
3. Receive a summary of the **Plan's** annual financial report. The **plan administrator** is required by law to furnish each participant with a copy of this summary annual report, if applicable.
4. Continue health care coverage for the participant, the participant's spouse or **dependents** if there is a loss of coverage under the **Plan** as the result of a qualifying event. The participant or **dependent** may have to pay for such coverage. Review this summary plan description and the documents governing the **Plan** on the rules governing COBRA continuation coverage rights.

In addition to creating rights for **Plan** participants, ERISA imposes obligations upon the people who are responsible for the operation of the **Plan**. Fiduciaries of the **Plan**, , have a duty to do so prudently and in the interest of all **Plan** participants.

No one, including the **employer**, a union, or any other person, may fire an **employee** or discriminate against an **employee** to prevent the **employee** from obtaining any benefit under the **Plan** or exercising their rights under ERISA.

If claims for benefits under the **Plan** are denied, in whole or in part, the participant must receive a written explanation of the reason for the denial. The participant has the right to have the **Plan** review and reconsider the claim.

Under ERISA, there are steps participants can take to enforce their rights. For instance, if material is requested from the **Plan** and the material is not received within thirty (30) days, the participant may file suit in a federal court. In such case, the court may require the **plan administrator** to provide the materials and pay the participant up to \$110 a day until the materials are received, unless the materials were not provided for reasons beyond the control of the **plan administrator**. If a claim for benefits is denied or ignored in whole or in part and after exhaustion of all administrative remedies, the participant may file suit in a state or federal court.

If it should happen that **Plan** fiduciaries misuse the **Plan's** money, or if participants are discriminated against for asserting their rights, participants may seek assistance from the U.S. Department of Labor or may file suit in a federal court. The court will decide who will pay the costs and legal fees. If the participant is successful, the court may order the person who is sued to pay these costs and fees. If the participant loses, the court may order the participant to pay the costs and fees; for example, if it finds the participant's claim frivolous.

Participants should contact the **plan administrator** for questions about the **Plan**. For questions about this statement or about rights under ERISA, participants should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in their telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

COBRA Continuation Coverage General Notice

Introduction

You are getting this notice because you recently gained coverage under this group health **Plan**. This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the **Plan**. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under this **Plan** and under federal law, you should contact the **plan administrator**.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept **late enrollees**.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of **Plan** coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your **dependent** children could become qualified beneficiaries if coverage under this **Plan** is lost because of the qualifying event. Under this **Plan**, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an **employee**, you'll become a qualified beneficiary if you lose your coverage under this **Plan** because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you're the spouse of an **employee**, you'll become a qualified beneficiary if you lose your coverage under this **Plan** because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to **Medicare** benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your **dependent** children will become qualified beneficiaries if they lose coverage under this **Plan** because of the following qualifying events:

- The parent-**employee** dies;
- The parent-**employee's** hours of employment are reduced;
- The parent-**employee's** employment ends for any reason other than his or her gross misconduct;
- The parent-**employee** becomes entitled to **Medicare** benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under this **Plan** as a "**dependent** child."

When is COBRA continuation coverage available?

This *Plan* will offer COBRA continuation coverage to qualified beneficiaries only after the *plan administrator* has been notified that a qualifying event has occurred. The *employer* must notify the *plan administrator* of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the *employee*; or
- The *employee's* becoming entitled to *Medicare* benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the *employee* and spouse or a *dependent* child's losing eligibility for coverage as a *dependent* child), you must notify the *plan administrator* within 60 days after the qualifying event occurs. You must provide this notice to the *plan administrator* (or its designee).

How is COBRA continuation coverage provided?

Once the *plan administrator* receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered *employees* may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under this *Plan* is determined by Social Security to be disabled and you notify the *plan administrator* in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. The disabled person (or his representative) must submit written proof of the Social Security Administration's disability determination to the *plan administrator* (or its designee) within the initial eighteen (18) month period of continuation coverage and no later than sixty (60) days after the latest of:

- (i.) The date of the disability determination by the Social Security Administration;
- (ii.) The date of the 18-Month Qualifying Event;
- (iii.) The date on which the person loses (or would lose) coverage under this *Plan* as a result of the 18-Month Qualifying Event; or
- (iv.) The date on which the person is furnished with a copy of this Plan Document and Summary Plan Description.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and *dependent* children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if this *Plan* is properly notified about the second qualifying event. This extension may be available to the spouse and any *dependent* children getting COBRA continuation coverage if the *employee* or former *employee* dies; becomes entitled to *Medicare* benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the *dependent* child stops being eligible under this *Plan* as a *dependent* child. This extension is only available if the second qualifying event would have caused the spouse or *dependent* child to lose coverage under this *Plan* had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, *Medicare*, Medicaid, Children's Health Insurance Program (CHIP)

or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in **Medicare** instead of COBRA Continuation Coverage after my group health plan coverage ends? In general, if you don't enroll in **Medicare** Part A or B when you are first eligible because you are still employed, after the **Medicare** initial enrollment period, you have an 8-month special enrollment period to sign up for **Medicare** Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don't enroll in **Medicare** and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in **Medicare** Part A or B before the COBRA continuation coverage ends, this **plan** may terminate your continuation coverage. However, if **Medicare** Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of **Medicare** entitlement, even if you enroll in the other part of **Medicare** after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and **Medicare**, **Medicare** will generally pay first (primary payer), and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to **Medicare**, even if you are not enrolled in **Medicare**.

If you have questions

Questions concerning this **Plan**, or your COBRA continuation coverage rights should be addressed to the contact, or contacts identified below. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.HealthCare.gov.

Keep your Plan informed of address changes

To protect your family's rights, let the **plan administrator** (or its designee) know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the **plan administrator** (or its designee).

PREFERRED PROVIDER OR NONPREFERRED PROVIDER

Covered persons have the choice of using either a *preferred provider* or a *nonpreferred provider*.

PREFERRED PROVIDER

A *preferred provider* is a *physician, hospital* or ancillary service provider which has an agreement in effect with the *Preferred Provider Organization* (PPO) to accept a *negotiated rate* for services rendered to *covered persons*. In turn, the PPO has an agreement with the *plan administrator* or *claims administrator* to allow access to *negotiated rates* for services rendered to *covered persons*. The PPO's name and/or logo is shown on the front of the *covered person's* ID card. The *preferred provider* cannot bill the *covered person* for any amount in excess of the *negotiated rate* for *covered expenses*. *Covered persons* should contact the *employer's* Human Resources Department, contact the *claims administrator*, or review the PPO's website for a current listing of *preferred providers*.

NONPREFERRED PROVIDER

A *nonpreferred provider* does not have an agreement in effect with the *Preferred Provider Organization*. The *Plan* will allow only the *customary and reasonable amount* as a *covered expense*. The *Plan* will pay its percentage of the *customary and reasonable amount* for the *nonpreferred provider covered expenses*. The *covered person* is responsible for the remaining balance. This results in greater out-of-pocket expenses to the *covered person*.

1. If a *nonpreferred provider* has not satisfied the Notice and Consent Criteria described under number 6. below, for certain items and services, *covered expenses* for such services rendered at a *preferred provider facility* will be:
 - a. Paid in accordance with the *preferred provider cost sharing*;
 - b. Subject to the *preferred provider* out-of-pocket expense limit; and
 - c. Paid based on the lesser of the *qualifying payment amount* or the *nonpreferred provider's* actual charge; or when applicable:
 - i. In a State that has in effect an applicable specified State law, the amount determined in accordance with such law; or
 - ii. In a State that has an all-payer model agreement that applies to this *Plan*, the provider, and the item or service, the amount that the State approves under the all-payer model agreement for that item or service.

The *covered person's cost sharing* will be calculated based on the *recognized amount* and *nonpreferred providers* may not balance bill for amounts in excess of the *covered person's cost sharing*. If the *out-of-network rate* exceeds the *recognized amount*, the difference will not be subject to the deductible.

The following types of services provided in a *preferred provider facility* by a *nonpreferred provider* will be covered as explained in this section, regardless of whether the *nonpreferred provider* satisfies the Notice and Consent Criteria described in section 6. below:

- d. Ancillary services, including:
 - i. Items and services related to emergency medicine, anesthesiology, pathology, radiology, neonatology (whether provided by a *physician* or non-*physician* practitioner);

- ii. Items and services provided by assistant surgeons, hospitalists, and intensivists;
 - iii. Diagnostic services including radiology and laboratory services; and
 - iv. Items and services provided by a **nonpreferred provider** if there is no **preferred provider** who can furnish such item or service at such **facility**; and
 - e. Items and services furnished as a result of unforeseen, urgent medical needs that arise at the time an item or service is furnished.
2. **Covered expenses** for **emergency services** furnished by a **nonpreferred provider** will be:
- a. Paid in accordance with the **preferred provider cost sharing**;
 - b. Subject to the **preferred provider** out-of-pocket expense limit; and
 - c. Paid based on the lesser of the **qualifying payment amount** or the **nonpreferred provider's** actual charge; or when applicable:
 - i. In a State that has in effect an applicable specified State law, the amount determined in accordance with such law; or
 - ii. In a State that has an all-payer model agreement that applies to this **Plan**, the provider, and the item or service, the amount that the State approves under the all-payer model agreement for that item or service.

The **covered person's cost sharing** will be calculated based on the **recognized amount** and **nonpreferred providers** may not balance bill for amounts in excess of the **covered person's cost sharing**. If the **out-of-network rate** exceeds the **recognized amount**, the difference will not be subject to the deductible.

3. **Covered expenses** for air ambulance services furnished by a **nonpreferred provider** will be:
- a. Paid in accordance with the **preferred provider cost sharing**;
 - b. Subject to the **preferred provider** out-of-pocket expense limit; and
 - c. Paid based on the lesser of the **qualifying payment amount** or the **nonpreferred provider's** actual charge; or when applicable:
 - i. In a State that has in effect an applicable specified State law, the amount determined in accordance with such law; or
 - ii. In a State that has an all-payer model agreement that applies to this **Plan**, the provider, and the item or service, the amount that the State approves under the all-payer model agreement for that item or service.

The **covered person's cost sharing** will be calculated based on the lesser of the **qualifying payment amount** or the billed amount, and **nonpreferred providers** may not balance bill for amounts in excess of the **covered person's cost sharing**. If the **out-of-network rate** exceeds the lesser of the **qualifying payment amount** or the billed amount, the difference will not be subject to the deductible.

4. Open Negotiation Period
- a. A **nonpreferred provider** may initiate an open negotiation period with this **Plan** regarding **covered expenses** as described above. This open negotiation period must be initiated during the thirty (30) business day period beginning on the day the **nonpreferred provider** receives an initial payment or a notice of denial of payment for **covered expenses** as described above. To initiate the open negotiation period, the **nonpreferred provider** must send notice, consistent with applicable regulations, to this

Plan on a standard form developed by Federal regulators, consistent with applicable regulations, to this **Plan** on a standard form developed by Federal regulators.

- b. The day on which the open negotiation notice is sent by the **nonpreferred provider** is the date the thirty (30) business day open negotiation period begins. Any additional payment amount agreed upon during the open negotiation period must be made by this **Plan** within thirty (30) days of such agreement and will not be subject to additional **cost sharing**.

5. Independent Dispute Resolution

- a. In the case of failed negotiations, the **nonpreferred provider** or this **Plan** may initiate the Federal independent dispute resolution (IDR) process established under the No Surprises Act. The IDR process must be initiated, consistent with applicable Federal regulations, within four (4) business days beginning on the thirty-first (31) business day after the start of the open negotiation period.
- b. Within thirty (30) days after the date a **certified IDR entity** is selected, such entity must select a payment amount and notify this **Plan** and the **nonpreferred provider** of the determination. In the absence of a fraudulent claim or evidence of intentional misrepresentation of material facts presented to the **certified IDR entity**, the decision by such entity is binding on all involved parties.
- c. Any additional payment amount due from this **Plan** resulting from the decision of the **certified IDR entity**:
 - i. Will not be subject to additional **cost sharing**;
 - ii. Must be paid within thirty (30) days of such determination; and
 - iii. Will result in this **Plan** being responsible for payment of all fees properly charged by the **certified IDR entity**.
- d. If the **certified IDR entity** determines that no additional payment is due to the **nonpreferred provider** by this **Plan**, such provider will be responsible for payment of the **certified IDR entity** fee. This **Plan** and the **nonpreferred provider** will each be responsible for the Federal IDR administrative fee.
- e. The **nonpreferred provider** and this **Plan** may agree on a payment amount for an item or service during the independent dispute resolution process but before the date on which the **certified IDR entity** makes a final payment determination. Such amount will be treated as the **out-of-network rate** and to the extent this amount exceeds the initial payment amount and any **cost sharing** amount, the **Plan** must pay the additional amount to the **nonpreferred provider** within thirty (30) business days from the date the agreement is reached. This **Plan** will be responsible for payment of half of all fees charged by the **certified IDR entity**, unless this **Plan** and the **nonpreferred provider** otherwise agree in writing.

6. Notice and Consent Criteria

- a. In order to satisfy the Notice and Consent Criteria, a **nonpreferred provider** must provide the **covered person** with a written notice in paper or electronic form, as selected by the **covered person**, that is physically separate from other documents and contains the following information:
 - i. Notification that the health care provider is a **nonpreferred provider**;
 - ii. Notification of the good faith estimate amount that the **nonpreferred provider** may charge for the items and services, including a notification that the provision of such estimate does not constitute a contract with respect to the estimated charges;
 - iii. In the case where a **nonpreferred provider** would be furnishing items or services at a **preferred provider facility**, a list of any **preferred providers** at such **facility** who are able to

furnish the items or services and notification that the *covered person* may be referred, at their option, to such a *preferred provider*;

- iv. Information about whether pre-certification or other care management limitations may be required in advance of receiving the items or services.
 - b. The above information must be provided to a *covered person*:
 - i. No later than seventy-two (72) hours prior to the date on which the *covered person* is furnished the items or services, when the appointment is scheduled at least seventy-two (72) hours prior; or
 - ii. On the date the appointment is scheduled, in the case where the appointment is scheduled within seventy-two (72) hours prior to the appointment. When the *covered person* is provided with the notice and consent on the same date that the items or services are to be furnished, the notice must be provided no later than three (3) hours prior to furnishing the items or services to which the notice and consent requirements apply.
 - c. The *nonpreferred provider* must obtain consent from the *covered person* to be treated by the *nonpreferred provider* and must provide a signed copy of such consent to the *covered person* through mail or email as selected by the *covered person* and provide a copy to the *claims administrator*.
7. Continuity of Care

In certain situations, if a *participating provider* becomes a *nonparticipating provider*, and the *covered person* is a *continuing care patient*, this *Plan* will provide the *covered person* with notice and an opportunity to elect continuing care from such provider. This election will allow the *covered person* to continue to receive benefits under this *Plan* in accordance with the *preferred provider cost sharing*, beginning on the date of the notice and continuing for a period ending of the earlier of:

- a. Ninety (90) days from the date of the notice; or
- b. The date on which the *covered person* is no longer a *continuing care patient* with respect to such provider.

REFERRALS

Referrals to a *nonpreferred provider* are covered as *nonpreferred provider* services, supplies and treatments. It is the responsibility of the *covered person* to assure services to be rendered are performed by *preferred providers* in order to receive the *preferred provider* level of benefits unless described otherwise under the *Nonpreferred Provider* subsection above.

EXCEPTIONS

The following listing of exceptions represents services, supplies or treatments rendered by a *nonpreferred provider* where *covered expenses* shall be payable at the *preferred provider* level of benefits:

1. ***Medically necessary*** specialty services, supplies or treatments which are not available from a provider within the ***Preferred Provider Organization***.
2. When a covered ***dependent*** resides outside the service area of the ***Preferred Provider Organization***.
3. Treatment rendered at a ***facility*** of the uniformed services.
4. Transportation by a ***nonpreferred provider*** ambulance for a condition that meets the definition of ***emergency medical condition***.
5. Lactation counseling providers.

6. Diagnostic laboratory and surgical pathology tests referred to a *nonpreferred provider* by a *preferred provider*.

CLAIMS ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS AND OTHER ENTITIES

The *claims administrator* has contracts with certain Providers and other entities (“Administrator Providers”) in its service area to provide for health care services to all *covered persons* entitled to health care benefits under this *Plan* to which the *claims administrator* is a party, including all persons covered under the *Plan*. Under certain circumstances described in its contracts with Administrator Providers, the *claims administrator* may:

1. Receive substantial payments from Administrator Providers with respect to services rendered to *covered persons* for which the *claims administrator* was obligated to pay the Administrator Provider, or
2. Pay Administrator Providers substantially less than their claim charges for services, by discount or otherwise, or
3. Receive from Administrator Providers other substantial allowances under the *claims administrator's* contracts with them.

In the case of *hospitals* and other *facilities*, or other *providers*, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by the *claims administrator* as described in this *Plan* and the calculation of all required deductible and *coinsurance* amounts as described in this *Plan* shall be based on the *negotiated rate*; or, if applicable, the *provider's* claim charge for covered services rendered to a *covered person*, reduced by the *average discount percentage (“ADP”)* applicable to a *covered person's* claim or claims. The *employer* has been advised that the *claims administrator* may receive such payments, discounts and/or other allowances during the term of the agreement between the *employer* and the *claims administrator*. Neither the *employer* nor the *covered person* is entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the *ADP*.

To help understand how the *claims administrator's* separate financial arrangements with *providers* work, please consider the following example:

- a. Assume a *covered person* goes into the *hospital* for one night and the normal, full amount the *hospital* bills for covered services is \$1,000. How is the \$1,000 bill paid?
- b. The *covered person* will have to pay the deductible and *coinsurance* amounts set out in this *Plan*.
- c. However, for purposes of calculating deductible and *coinsurance* amounts, and whether any out-of-pocket or benefit maximums have been reached, the *hospital's negotiated rate* would be reduced by the *ADP* applicable to the claim. In this example, if the applicable *ADP* were 30%, the \$1,000 *hospital* bill would be reduced by 30% to \$700 for purposes of calculating the deductible and *coinsurance* amounts, and whether any out-of-pocket or benefit maximums have been reached.
- d. Assuming the deductible has already been satisfied, the *coinsurance* portion of the \$1,000 *hospital* bill after it has been reduced by the *ADP* will need to be paid. In this example, if the *coinsurance* obligation is 20%, the *covered person* will have to pay 20% of \$700, or \$140. The 20% *coinsurance* is based on the full \$1,000 *hospital* bill, after it is reduced by the applicable *ADP*.
- e. After taking into account the deductible and *coinsurance* amounts, the *Plan* will satisfy its portion of the *hospital* bill. In most cases, the *claims administrator* has a contract with *hospitals* that allows the *Plan* to pay less, and requires the *hospital* to accept less, than the amount of money the *Plan* would be required to pay if the *claims administrator* did not have a contract with the *hospital*.

In the above example, since the full *hospital* bill is \$1,000, the deductible has already been satisfied, and the *coinsurance* is \$140, then the *Plan* has to satisfy the rest of the *hospital* bill, or \$860. Assuming the *claims administrator* has a contract with the *hospital*, the *Plan* will usually be able to satisfy the \$860 bill that remains after *coinsurance* and deductible, by paying less than \$860 to the *hospital*, often substantially less than \$860.

CLAIMS ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH SUBSIDIARIES AND OTHER SUBCONTRACTORS

The *claims administrator* has an ownership interest in several wholly or partially owned subsidiaries or affiliates, including Luminare Health Benefits, Inc., and informs that it has contracts, either directly or indirectly with such subsidiaries, affiliates, or other subcontractors, as applicable, to provide, on the *claims administrator's* behalf, third party administration or other services to all persons entitled to benefits under certain contracts, including all persons covered under this *Plan*. The *claims administrator*, its subsidiaries, affiliates, and/or subcontractors may also have ownership interests in certain *providers* who provide covered services to *covered persons*, and/or in vendors or other third parties who provide services or provide services to certain *providers*. The services and amounts received by the *claims administrator*, its subsidiaries, affiliates, or other subcontractors under these separate financial arrangements may be revised from time to time. Amounts received by the *claims administrator* or other entity may be included within a claim charge, administrative charge, or charged separately. Neither the *employer* nor the *covered person* are entitled to any amounts payable to the *claims administrator*, its subsidiaries, affiliates, or other subcontractors under these separate financial arrangements.

INTER-PLAN ARRANGEMENTS

OUT-OF-AREA SERVICES

Overview

The *claims administrator* has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever a *covered person* accesses healthcare services outside the geographic area the *claims administrator* serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When a *covered person* receives care outside of the *claims administrator's* service area, they will receive it from one of two kinds of *providers*. Most *providers* ("participating *providers*") contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). Some *providers* ("nonparticipating *providers*") do not contract with the Host Blue. The *claims administrator* explains below how the *claims administrator* pays both kinds of *providers*.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits (unless paid as medical claims/benefits), and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by the *claims administrator* to provide the specific service or services.

A. BlueCard® Program

Under the BlueCard® Program, when a *covered person* receives covered services within the geographic area served by a Host Blue, the *claims administrator* will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating *providers*.

For *inpatient facility* services received in a *hospital*, the Host Blue's participating *provider* is required to obtain pre-certification. If pre-certification is not obtained, the participating *provider* will be sanctioned based on the Host Blue's contractual agreement with the *provider*, and the *covered person* will be held harmless for the *provider* sanction.

Whenever a *covered person* receives covered services outside the *claims administrator's* service area and the claim is processed through the BlueCard Program, the amount a *covered person* pays for covered services is calculated based on the lower of:

1. The billed charges for covered services, or
2. The negotiated price that the Host Blue makes available to the *claims administrator*.

To help understand how this calculation would work, please consider the following example:

- a. Suppose covered services are received for an *illness* while a *covered person* is on vacation outside of state. The *covered person* shows their identification card to the *provider* to let him or her know the *covered person* is covered by a plan administered by the *claims administrator*.
- b. The *provider* has negotiated with the Host Blue a price of \$80, even though the *provider's* standard charge for this service is \$100. In this example, the *provider* bills the Host Blue \$100.
- c. The Host Blue, in turn, forwards the claim to the *claims administrator* and indicates that the negotiated price for the covered service is \$80. The *claims administrator* would then base the amount the *covered person* must pay for the service - the amount applied to the deductible, if any, and the *coinsurance* percentage - on the \$80 negotiated price, not the \$100 billed charge.
- d. So, for example, if the *coinsurance* is 20%, the *covered person* would pay \$16 (20% of \$80), not \$20 (20% of \$100). The *covered person* is not responsible for amounts over the negotiated price for a covered service.

PLEASE NOTE: The *coinsurance* percentage in the above example is for illustration purposes only. The example assumes that the deductible has been met and that there are no *copays* associated with the service rendered. The deductible(s), *coinsurance* and *copays* are specified in this *Plan* document.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the healthcare *provider*. Sometimes, it is an estimated price that takes into account special arrangements with the healthcare *provider* or *provider* group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare *providers* after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, also take into account adjustments to correct for over - or underestimation of modifications of past pricing of claims, as noted above. However, such adjustments will not affect the price the *claims administrator* has used for a claim because they will not be applied after a claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, the *claims administrator* may process claims for covered services through Negotiated Arrangements for National Accounts.

The amount a *covered person* pays for covered services under this arrangement will be calculated based on the lower of either billed charges or negotiated price (refer to the description of negotiated price under subsection *A. BlueCard® Program* above) made available to the *claims administrator* by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue's local market rates, are made available, the *covered person* will be responsible for the amount that the healthcare *provider* bills above the specific reference benefit limit for the given procedure. For a participating *provider*, that

amount will be the difference between the negotiated price and the reference benefit limit. For a nonparticipating *provider*, that amount will be the difference between the *provider's* billed charge and the reference benefit limit. Where a reference benefit limit is greater than either a negotiated price or a *provider's* billed charge, the *covered person* will incur no liability, other than any related patient *cost sharing* under this agreement.

C. Special Cases: Value-Based Programs

BlueCard® Program

If the *covered person* receives covered services under a Value-Based Program inside a Host Blue's service area, the *covered person* will not be responsible for paying any of the *provider* incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the *claims administrator* through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If the *claims administrator* has entered into a negotiated arrangement with a Host Blue to provide Value-Based Programs to the *employer* on the *covered person's* behalf, the *claims administrator* will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, the *claims administrator* will include any such surcharge, tax or other fee as part of the claim charge passed on to the *covered person*.

E. Nonpreferred Providers Outside The Claims Administrator's Service Area

1. *Covered Person* Liability Calculation

When covered services are provided outside of the *claims administrator's* service area by *nonpreferred providers*, the amount(s) the *covered person* pays for such services will be calculated using the methodology described in this *Plan* for *nonpreferred providers* located inside our service area. The *covered person* may be responsible for the difference between the amount that the *nonpreferred provider* bills and the payment the *claims administrator* will make for the covered services as set forth in this paragraph.

2. Exceptions

In certain situations, the *claims administrator* may use other payment methods, such as billed covered charges, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount the *claims administrator* will pay for services provided by *nonpreferred providers*. In these situations, the *covered person* may be liable for the difference between the amount that the *nonpreferred provider* bills and the payment the *claims administrator* will make for the covered services as set forth in this paragraph.

F. Blue Cross Blue Shield Global Core

If the *covered person* is outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), they may be able to take advantage of Blue Cross Blue Shield Global Core when accessing covered services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists with accessing a network of *inpatient*, *outpatient* and *professional providers*, the network is not served by a Host Blue. As such, when the *covered person* receives care from *providers* outside the BlueCard service area, they will typically have to pay the *providers* and submit the claims to obtain reimbursement for these services.

If a **covered person** needs medical assistance services (including locating a doctor or **hospital**) outside the BlueCard service area, they should call the service center at 1-800-810-BLUE (2583) or call collect at 1-804-673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a **physician** appointment or hospitalization, if necessary.

1. **Inpatient Services**

In most cases, if the **covered person** contacts the service center for assistance, **hospitals** will not require the **covered person** to pay for covered **inpatient** services, except for the **cost sharing** amounts/deductibles, **coinsurance**, etc. In such cases, the **hospital** will submit the claims to the service center to begin claims processing. However, if the **covered person** paid in full at the time of service, they must submit a claim to receive reimbursement for covered services. The **covered person** must contact the **claims administrator** to obtain pre-certification for non-emergency **inpatient** services.

2. **Outpatient Services**

Outpatient services are available for **emergency services**, **physicians**, **urgent care centers** and other **outpatient providers** located outside the BlueCard service area will typically require the **covered person** to pay in full at the time of service. The **covered person** must submit a claim to obtain reimbursement for covered services.

3. **Submitting a Blue Cross Blue Shield Global Core Claim**

When a **covered person** pays for covered services outside the BlueCard service area, they must submit a claim to obtain reimbursement. For institutional and professional claims, a Blue Cross Blue Shield Global Core International claim form should be completed and sent with the **provider's** itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of claims. The claim form is available from the **claims administrator**, the service center or online at www.bcbsglobalcore.com. THE COVERED PERSON'S PROVIDER RELATIONSHIPS

1. The choice of a **provider** is solely the **covered person's** choice and the **claims administrator** will not interfere with the **covered person's** relationship with any **provider**.
2. The **claims administrator** does not itself undertake to furnish health care services, but solely to make payments to **providers** for the covered services received by a **covered person**. The **claims administrator** is not in any event liable for any act or omission of any **provider** or the agent or employee of such **provider**, including, but not limited to, the failure or refusal to render services to a **covered person**. Professional services which can only be legally performed by a **provider** are not provided by the **claims administrator**. Any contractual relationship between a **physician** and an Administrator Provider shall not be construed to mean that the **claims administrator** is providing professional service.
3. The use of an adjective such as participating, administrator or approved in modifying a **provider** shall in no way be construed as a recommendation, referral or any other statement as to the ability or quality of such **provider**. In addition, the omission, non-use or non-designation of participating, administrator, approved or any similar modifier or the use of a term such as non-administrator or non-participating should not be construed as carrying any statement or inference, negative or positive, as to the skill or quality of such **provider**.

4. Each *provider* provides covered services only to the *covered person* and does not deal with or provide any services to the *employer* (other than as an individual *covered person*) or the *employer's* ERISA health benefit program.

BLUE DISTINCTION OR BLUE DISTINCTION PLUS CENTERS OF TREATMENT (BDCT)

Blue Distinction is a designation awarded by Blue Cross Blue Shield companies to health care *facilities* that have demonstrated expertise in delivering quality health care. At the core of the program are Blue Distinction and Blue Distinction Plus Centers for Specialty Care. Blue Distinction and Blue Distinction Plus Centers are recognized for providing distinguished care in the following transplant or benefit specialty areas of:

- Bariatric Surgery
- Cardiac Care
- Hip and Knee Replacement surgery
- Spinal Surgery
- Transplants

The goal of Blue Distinction is to help you find specialty care while enabling and encouraging health care *providers* to improve the overall quality and cost of care nationwide. Although this *Plan* may require that treatment be received at a Blue Distinction or Blue Distinction Plus Center to get the highest level of benefits, a *covered person* may still be covered at a non-Blue Distinction Center, but the out-of-pocket costs will usually be higher.

MEDICAL EXPENSE BENEFIT

This section describes the *covered expenses* of the *Plan*. All *covered expenses* are subject to applicable *Plan* provisions including, but not limited to deductible and *coinsurance* and *Essential Health Benefits/non-Essential Health Benefits maximum benefit* provisions as shown on the *Schedule of Benefits*, unless otherwise indicated. Any portion of an expense *incurred* by the *covered person* for services, supplies or treatment that is greater than the *customary and reasonable amount* for *nonpreferred providers*, except as described in the *Nonpreferred Provider subsection*, under the *Preferred Provider or Nonpreferred Provider section*, or *negotiated rate* for *preferred providers* will not be considered a *covered expense* by the *Plan*. Specified preventive care expenses will be considered to be *covered expenses*.

DEDUCTIBLES

The deductible is the dollar amount of *covered expenses* which each *covered person* or family must have *incurred* during each calendar year before the *Plan* pays applicable benefits. The deductible amount is shown on the *Schedule of Benefits*. If the *out-of-network rate* exceeds the *recognized amount* (or the lesser of the billed charges or the *qualifying payment amount* for purposes of *nonpreferred provider* air ambulance services), the difference will not be subject to the deductible.

COINSURANCE

The *Plan* pays a specified percentage of *covered expenses* at the *customary and reasonable amount* for *nonpreferred providers* except as described in the *Nonpreferred Provider subsection*, under the *Preferred Provider or Nonpreferred Provider section*, or the percentage of the *negotiated rate* for *preferred providers*. That percentage is specified on the *Schedule of Benefits*. For *nonpreferred providers*, the *covered person* may be responsible for the difference between the percentage the *Plan* paid and one hundred percent (100%) of the billed amount. See the *Nonpreferred Provider subsection* for more details. The *covered person's* portion of the *coinsurance* is applied to the out-of-pocket expense limit.

OUT-OF-POCKET EXPENSE LIMIT

After the *covered person* has incurred an amount equal to the out-of-pocket expense limit listed on the *Schedule of Benefits* for *covered expenses*, the *Plan* will begin to pay one hundred percent (100%) of *covered expenses* for the remainder of the calendar year.

Out-of-Pocket Expense Limit Exclusions

The following items do not apply toward satisfaction of the calendar year out-of-pocket expense limit and will not be payable at one hundred percent (100%), even if the out-of-pocket expense limit has been satisfied:

1. Expenses for services, supplies and treatments not covered by the *Plan*, including charges in excess of the *customary and reasonable amount* or *negotiated rate*, as applicable.
2. Expenses incurred as a result of failure to obtain pre-certification.

MAXIMUM BENEFIT

The *maximum benefit* for all non-*Essential Health Benefits* payable on behalf of a *covered person* is shown on the *Schedule of Benefits*. The non-*Essential Health Benefits maximum benefit* applies to the entire time the *covered person* is covered under the *Plan*, either as an *employee, dependent, alternate recipient* or under COBRA. If the *covered person's* coverage under the *Plan* terminates and at a later date, he again becomes covered under the *Plan*, the non-*Essential Health Benefits maximum benefit* will include all benefits paid by the *Plan* for the *covered person* during any period of coverage.

The *Schedule of Benefits* may contain separate **maximum benefit** limitations for specified conditions and/or services. Any separate **maximum benefit** will include all such benefits paid by the **Plan** for the **covered person** during any and all periods of coverage under the **Plan**. No more than the **Essential Health Benefits/non-Essential Health Benefits maximum benefit** will be paid for any **covered person** while covered by the **Plan**.

Notwithstanding any provision of the **Plan** to the contrary, all benefits received by an individual under any benefit option, package or coverage under the **Plan** shall be applied toward the applicable **maximum benefit** paid by the **Plan** for any one **covered person** for such option, package or coverage under the **Plan**, and also toward the **maximum benefit** under any other options, packages or coverages under the **Plan** in which the individual may participate in the future.

"War" means declared or undeclared war, whether civil or international, or any substantial armed conflict between organized forces of a military nature.
4. Any condition for which benefits of any nature are payable or are found to be eligible, either by adjudication or settlement, under any Workers' Compensation law, Employer's liability law, or occupational disease law, even though the *covered person* fails to claim rights to such benefits or fails to enroll or purchase such coverage. This does not include a *covered person* that is a sole proprietor, partner or executive officer that is not required by law to have workers' compensation or similar coverage and does not have such coverage.
5. Charges made for services, supplies and treatment which are not *medically necessary* for the treatment of *illness* or *injury*, or which are not recommended and approved by the attending *physician*, except as specifically stated herein, or to the extent that the charges exceed *customary and reasonable amount qualifying payment amount* (subject to the *out-of-network rate* or the *negotiated rate*, as applicable).
6. Charges in connection with any *illness* or *injury* of the *covered person* resulting from or occurring during the *covered person's* commission or attempted commission of a criminal battery or felony. Claims shall be denied if the *plan administrator* has reason to believe, based on objective evidence such as police reports or medical records, that a criminal battery or felony was committed by the *covered person*. This exclusion will not apply to an *illness* and/or *injury* sustained due to a medical condition (physical or mental) or domestic violence.
7. To the extent that payment under the *Plan* is prohibited by any law of any jurisdiction in which the *covered person* resides at the time the expense is *incurred*.
8. Charges for services rendered and/or supplies received prior to the *effective date* or after the termination date of a person's coverage.
9. Any services, supplies or treatment for which the *covered person* is not legally required to pay; or for which no charge would usually be made; or for which such charge, if made, would not usually be collected if no coverage existed; or to the extent the charge for the care exceeds the charge that would have been made and collected if no coverage existed.
10. Charges for services, supplies or treatment that are considered *experimental/investigational*.

13. Charges for services, supplies or treatment rendered by *physicians* or *professional providers* beyond the scope of their license; for any treatment, *confinement* or service which is not recommended by or performed by an appropriate *professional provider*.
14. Charges for *illnesses* or *injuries* suffered by a *covered person* due to the action or inaction of any party if the *covered person* fails to provide information as specified in the section, *Subrogation/Reimbursement*.
15. Claims not submitted within the *Plan's* filing limit deadlines as specified in the section, *Claim Filing Procedure*.
16. Charges for completion of claim forms and charges associated with missed appointments.
17. This *Plan* will not pay for any charge which has been refused by another plan covering the *covered person* as a penalty assessed due to non-compliance with that plan's rules and regulations, if shown on the primary carrier's explanation of benefits.
18. Charges for services, supplies, care or treatment to a *covered person* for an *injury* which occurred as a result of that *covered person's* illegal use of alcohol. Claims shall be denied if the *plan administrator* has reason to believe, based on objective evidence such as police reports or medical records of the *covered person's* illegal use of alcohol. Expenses will be covered for injured *covered persons* other than the person illegally using alcohol and expenses will be covered for *substance use disorder* treatment as specified on the *Schedule of Benefits*. This exclusion does not apply if the *injury* resulted from an act of domestic violence or an underlying medical condition.

ELIGIBILITY, ENROLLMENT AND EFFECTIVE DATE

This section identifies the *Plan's* requirements for a person to participate in the *Plan*.

EMPLOYEE ELIGIBILITY

All *full-time employee* shall be eligible to enroll for coverage under the *Plan*.

If applicable under the *Affordable Care Act*, an *employee* of the *employer* who is not currently working the minimum number of hours, but was working on average the minimum number of hours during the *employer's measurement period* and is eligible during the *employer's stability period*, as documented by the *employer* and consistent with the *Affordable Care Act*, applicable regulations and regulatory guidance, is eligible to enroll under the *Plan*, provided the *employee* is a member of a class eligible for coverage and has satisfied any waiting period that may be required by the *employer*.

EMPLOYEE ENROLLMENT

An *employee* must file a written application (or electronic, if applicable) with the *employer* for coverage hereunder for himself within thirty-one (31) days of becoming eligible for coverage. The *employee* shall have the responsibility of timely forwarding to the *employer* all applications for enrollment hereunder. If the *employee* failed to make timely enrollment, the *employee* is considered a *late enrollee* and not eligible for coverage under the *Plan* until the next open enrollment period unless the *employee* otherwise qualifies for special enrollment during the *Plan* year.

EMPLOYEE(S) EFFECTIVE DATE

An *employer* may require new *employees* to complete a one (1) month, less one (1) day, "reasonable and bona fide" orientation period before the eligibility waiting period begins for the *employer's* group health plan.

Eligible *employees*, as described in *Employee Eligibility*, are covered under the *Plan* on the first day of the month following the date of hire provided the *employee* has enrolled for coverage as described in *Employee Enrollment*.

DEPENDENT(S) ELIGIBILITY

The following describes *dependent* eligibility requirements. The *employer* will require proof of *dependent* status.

1. The term "spouse" means the spouse of the *employee* under a legally valid existing marriage, provided that there exists no applicable law or laws, as determined by the *plan administrator* that would prohibit or otherwise adversely affect the administration of the *Plan* in accordance with such definition.
2. The term "domestic partner" means that the *dependent*:
 - a. Is the same or opposite as the *employee*; and
 - b. Is not legally married or the domestic partner of another individual; and
 - c. Is not related to the *employee* by blood which would bar marriage in the State where the domestic partnership is established; and
 - d. Has submitted documentation, as required by the *employer*, to verify the interdependent relationship with the *employee* including a joint affidavit with the *employee* that the relationship is an exclusive mutual commitment that is the functional equivalent of a marriage, that is, the domestic partner and *employee*:

- (i.) Are jointly responsible for each other for the necessities of life including each other's debts; and
 - (ii.) Intend to remain in the relationship indefinitely; and
 - (iii.) Would enter into a legal marriage if the opportunity were available; and have agreed that in the event of dissolution of the domestic partnership there will be a substantially equal division of any earning acquired during the partnership and of property acquired with those earnings, *i.e.*, there will be a division of property similar to that required of a married couple in the event of divorce.
3. The *employee's* or domestic partner's natural child, stepchild, legally adopted child, child *placed for adoption*, *foster child*, and a child for whom the *employee* (including a covered domestic partner) has been appointed legal guardian, through the end of the month in which the child reaches twenty-six (26) years of age.
4. An eligible child shall also include any other child of an *employee* or their spouse or domestic partner who is recognized in a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN) which has been issued by any court judgment, decree, or order as being entitled to enrollment for coverage under the *Plan*. Such child shall be referred to as an *alternate recipient*. *Alternate recipients* are eligible for coverage only if the *employee* is also covered under the *Plan*. An application for enrollment must be submitted to the *employer* for coverage under the *Plan*. The *employer/plan administrator* shall establish written procedures for determining whether a medical child support order is a QMCSO or NMSN and for administering the provision of benefits under the *Plan* pursuant to a valid QMCSO or NMSN. Within a reasonable period after receipt of a medical child support order, the *employer/plan administrator* shall determine whether such order is a QMCSO, as defined in Section 609 of ERISA, or a NMSN, as defined in 42 U.S.C.A §666 of the Child Support Performance and Incentive Act of 1998.

The *employer/plan administrator* reserves the right, waivable at its discretion, to seek clarification with respect to the order from the court or administrative agency which issued the order, up to and including the right to seek a hearing before the court or agency.

5. A *dependent* child who was covered under the *Plan* prior to the end of the month in which the child reached twenty-six (26) years of age, due to a mental and/or physical disability, will remain eligible for coverage under the *Plan* beyond the date coverage would otherwise terminate.

Proof of incapacitation for such *dependent* child who reaches age twenty-six (26) after the *effective date* shown on the first page of this *Plan* document must be provided within thirty-one (31) days of the date the coverage would otherwise terminate.

Proof of incapacitation for any *dependent* child after age twenty-six (26) may be requested by the *employer* or *claims administrator*, but not more than once every two (2) years. Eligibility may not be continued beyond the earliest of the following:

- a. Cessation of the mental and/or physical disability;
- b. Failure to furnish any required proof of mental and/or physical disability or to submit to any required examination.

Every eligible *employee* may enroll eligible *dependents*. However, if both the *employee* and their spouse or domestic partner are *employees*, each individual may be covered as an *employee*. An *employee* cannot be covered as an *employee* and a *dependent*. Eligible children may be enrolled as *dependents* of one spouse or domestic partner, but not both.

DEPENDENT ENROLLMENT

An *employee* must file a written application (or electronic, if applicable) with the *employer* for coverage hereunder for his eligible *dependents* within thirty-one (31) days of becoming eligible for coverage; and within thirty-one (31) days of marriage or the acquiring of children or birth of a child. The *employee* shall have the responsibility of timely forwarding to the *employer* all applications for enrollment hereunder. If the *employee* failed to make timely enrollment

for his eligible *dependents*, the *dependents* are considered *late enrollees* and not eligible for coverage under the *Plan* until the next open enrollment period, unless the *dependent* otherwise qualifies for a special enrollment during the *Plan* year.

DEPENDENT(S) EFFECTIVE DATE

Eligible *dependent(s)*, as described in *Dependent(s) Eligibility*, will become covered under the *Plan* on the later of the dates listed below, provided the *employee* has enrolled them in the *Plan* within thirty-one (31) days of meeting the *Plan's* eligibility requirements and any required contributions are made.

1. The date the *employee's* coverage becomes effective.
2. The date the *dependent* is acquired, provided the *employee* has applied for *dependent* coverage within thirty-one (31) days of the date acquired.
3. Newborn children shall be covered from birth, provided the *employee* has applied for *dependent* coverage within thirty-one (31) days of birth.
4. Coverage for a newly adopted or to be adopted child shall be effective on the date the child is *placed for adoption*, provided the *employee* has applied for *dependent* coverage within thirty-one (31) days of the date the child is *placed for adoption*.

SPECIAL ENROLLMENT PERIOD (OTHER COVERAGE)

An *employee* or *dependent* who did not enroll for coverage under this *Plan* because he was covered under other group coverage or had health insurance coverage at the time he was initially eligible for coverage under this *Plan*, may request a special enrollment period if he is no longer eligible for the other coverage. Special enrollment periods will be granted if the individual's loss of eligibility is due to:

1. Termination of the other coverage (including exhaustion of COBRA benefits).
2. Cessation of employer contributions toward the other coverage.
3. Legal separation or divorce.
4. Termination of other employment or reduction in number of hours of other employment.
5. Death of *dependent* or spouse.
6. Cessation of other coverage because *employee* or *dependent* no longer resides or works in the service area and no other benefit package is available to the individual.
7. Cessation of *dependent* status under other coverage and *dependent* is otherwise eligible under *employee's Plan*.

Notwithstanding any provision of the *Plan* to the contrary, all benefits received by an individual under any benefit option, package or coverage under the *Plan* shall be applied toward any applicable *maximum benefit* paid by the *Plan* for any one *covered person* for such option, package or coverage under the *Plan*, and also toward any applicable *maximum benefit* under any other options, packages or coverages under the *Plan* in which the individual may participate in the future.

The end of any extended benefits period, which has been provided due to any of the above, will also be considered a loss of eligibility.

However, loss of eligibility does not include a loss due to failure of the individual to pay premiums or contributions on a timely basis or termination of coverage for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the other coverage).

The *employee* or *dependent* must request the special enrollment and enroll no later than thirty-one (31) days from the date of loss of other coverage.

The *effective date* of coverage as the result of a special enrollment shall be the first day of the first calendar month following the *plan administrator's* receipt of the completed enrollment form.

SPECIAL ENROLLMENT PERIOD (DEPENDENT ACQUISITION)

An *employee* who is currently covered or not covered under the *Plan*, but who acquires a new *dependent* may request a special enrollment period for himself, if applicable, his newly acquired *dependent* and his spouse, if not already covered under the *Plan* and otherwise eligible for coverage.

For the purposes of this provision, the acquisition of a new *dependent* includes:

- marriage
- birth of a *dependent* child
- adoption or *placement for adoption* of a *dependent* child
- legal guardianship of a *dependent* child
- a *foster child* being placed with the *employee*

The *employee* must request the special enrollment within thirty-one (31) days of the acquisition of the *dependent*.

The *effective date* of coverage as the result of a special enrollment shall be:

1. in the case of marriage, the first day of the first calendar month following the *plan administrator's* receipt of the completed enrollment form;
2. in the case of a *dependent's* birth, the date of such birth;
3. in the case of adoption or *placement for adoption*, the date of such adoption or *placement for adoption*;
4. in the case of legal guardianship, the date on which such child is placed in the covered *employee's* home pursuant to a court order appointing the covered *employee* as legal guardian for the child;
5. in the case of a *foster child* being placed with the *employee*, on the date on which such child is placed with the *employee* by an authorized placement agency or by judgement, decree or other order of a court of competent jurisdiction.

SPECIAL ENROLLMENT PERIOD (CHILDREN'S HEALTH INSURANCE PROGRAM (CHIP) REAUTHORIZATION ACT OF 2009)

The *Plan* intends to comply with the Children's Health Insurance Program Reauthorization Act of 2009.

An *employee* who is currently covered or not covered under the *Plan* may request a special enrollment period for himself, if applicable, and his *dependent*. Special enrollment periods will be granted if:

1. the individual's loss of eligibility is due to termination of coverage under a state children's health insurance program or Medicaid; or,
2. the individual is eligible for any applicable premium assistance under a state children's health insurance program or Medicaid.

The *employee* or *dependent* must request the special enrollment and enroll no later than sixty (60) days from the date of loss of other coverage or from the date the individual becomes eligible for any applicable premium assistance.

OPEN ENROLLMENT

Open enrollment is the period designated by the *employer* during which the *employee* may change benefit plans or enroll in the *Plan* if he did not do so when first eligible or does not qualify for a special enrollment period. An open enrollment will be permitted once in each calendar year as designated by the *employer*.

During this open enrollment period, an *employee* and his *dependents* who are covered under the *Plan* or covered under any *employer* sponsored health plan may elect coverage or change coverage under the *Plan* for himself and his eligible *dependents*. An *employee* must make written application (or electronic, if applicable) as provided by the *employer* during the open enrollment period to change benefit plans.

The *effective date* of coverage as the result of an open enrollment period will be the following January 1st.

Except for a status change listed below, the open enrollment period is the only time an *employee* may change benefit options or modify enrollment. Status changes include:

1. Change in family status. A change in family status shall include only:
 - a. Change in *employee's* legal marital status;
 - b. Change in number of *dependents*;
 - c. Termination or commencement of employment by the *employee*, spouse or *dependent*;
 - d. Change in work schedule;
 - e. *Dependent* satisfies (or ceases to satisfy) *dependent* eligibility requirements;
 - f. Change in residence or worksite of *employee*, spouse or *dependent*.
2. Significant change in the cost of coverage under the *employer's* group medical plan.
3. Cessation of required contributions.
4. Taking or returning from a *leave of absence* under the Family and Medical Leave Act of 1993.
5. Significant change in the health coverage of the *employee* or spouse attributable to the spouse's employment.
6. A Special Enrollment Period as mandated by the Health Insurance Portability and Accountability Act of 1996.
7. A court order, judgment or decree.
8. Entitlement to *Medicare* or Medicaid, or enrollment in a state child health insurance program (CHIP).
9. A COBRA qualifying event.

TERMINATION OF COVERAGE

Except as provided in the *Plan's Continuation of Coverage* (COBRA), will terminate on the earliest of the following dates:

TERMINATION OF EMPLOYEE COVERAGE

1. The date the *employer* terminates the *Plan* and offers no other group health plan.
2. The last day of the month in which the *employee* ceases to meet the eligibility requirements of the *Plan*.
3. The last day of the month in which employment terminates, as defined by the *employer's* personnel policies.
4. The date the *employee* becomes a full-time, active-duty member of the armed forces of any country.
5. The date the *employee* ceases to make any required contributions.

TERMINATION OF DEPENDENT(S) COVERAGE

1. The date the *employer* terminates the *Plan* and offers no other group health plan.
2. The date the *employee's* coverage terminates.
3. The date such person ceases to meet the eligibility requirements of the *Plan*, except that for a *dependent* child, termination shall be the last day of the month in which the *dependent* child reaches age twenty-six (26).
4. The date the *employee* ceases to make any required contributions on the *dependent's* behalf.
5. The date the *employee's dependent* spouse becomes a full-time, active-duty member of the armed forces of any country.
6. The date the *Plan* discontinues *dependent* coverage for any and all *dependents*.

FAMILY AND MEDICAL LEAVE ACT (FMLA)

Eligible Leave

An *employee* who is eligible for unpaid leave and benefits under the terms of the Family and Medical Leave Act of 1993 (FMLA), as amended, has the right to continue coverage under the *Plan* for up to twelve (12) weeks, or (twenty-six (26) weeks in certain circumstances). *Employees* should contact the *employer* to determine whether they are eligible under FMLA.

Contributions

During this leave, the *employer* will continue to pay the same portion of the *employee's* contribution for the *Plan*. The *employee* shall be responsible to continue payment for eligible *dependent's* coverage and any remaining *employee* contributions. If the covered *employee* fails to make the required contribution during a FMLA leave within thirty (30) days after the date the contribution was due, the coverage will terminate effective on the date the contribution was due.

Reinstatement

If coverage under the *Plan* was terminated during an approved FMLA leave, and the *employee* returns to active work immediately upon completion of that leave, *Plan* coverage will be reinstated on the date the *employee* returns to active work as if coverage had not terminated, provided the *employee* makes any necessary contributions and enrolls for coverage within thirty-one (31) days of his return to active work.

Repayment Requirement

The **employer** may require **employees** who fail to return from a leave under FMLA to repay any contributions paid by the **employer** on the **employee's** behalf during an unpaid leave. This repayment will be required only if the **employee's** failure to return from such leave is not related to a "serious health condition," as defined in FMLA, or events beyond the **employee's** control.

EMPLOYEE REINSTATEMENT

Employees and eligible **dependents** who lost coverage due to an approved **leave of absence, layoff**, or termination of employment with the **employer** are eligible for reinstatement of coverage as follows:

1. Reinstatement of coverage is available to **employees** and **dependents** who were previously covered under the **Plan**.
2. Rehire or return to active service must occur within ninety (90) days of the last day worked.
3. The **employee** must submit the completed application for enrollment to the **employer** within thirty-one (31) days of rehire or return to work.
4. Coverage shall be effective from the date of rehire or return to work. Prior benefits and limitations, such as deductible, **Essential Health Benefits/non-Essential Health Benefits maximum benefit** shall be applied with no break in coverage.

If the provisions of (1) through (3) above are not met, the **Plan's** provisions for eligibility and application for enrollment shall apply.

An **employee** who returns to work more than ninety (90) days following an approved **leave of absence, layoff**, or termination of employment will be considered a new **employee** for purposes of eligibility and will be subject to all eligibility requirements, including all requirements relating to the **effective date** of coverage.

CONTINUATION OF COVERAGE

In order to comply with federal regulations, the **Plan** includes a continuation of coverage option for certain individuals whose coverage would otherwise terminate. The following is intended to comply with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended. This continuation of coverage may be commonly referred to as "COBRA coverage" or "continuation coverage."

The coverage which may be continued under this provision consists of health coverage. It does not include life insurance benefits, accidental death and dismemberment benefits, or income replacement benefits. Health coverage includes medical and prescription drug benefits as provided under the **Plan**.

QUALIFYING EVENTS

Qualifying events are any one of the following events that would cause a **covered person** to lose coverage under the **Plan** or cause an increase in required contributions, even if such loss of coverage or increase in required contributions does not take effect immediately, and allow such person to continue coverage beyond the date described in *Termination of Coverage*:

1. Death of the **employee**.
2. The **employee's** termination of employment (other than termination for gross misconduct), or reduction in work hours to less than the minimum required for coverage under the **Plan**. This event is referred to below as an "18-Month Qualifying Event."
3. Divorce or legal separation from the **employee**.
4. The **employee's** entitlement to **Medicare** benefits under Title XVIII of the Social Security Act if it results in the loss of coverage under this **Plan**.
5. A **dependent** child no longer meets the eligibility requirements of the **Plan**.

NOTIFICATION REQUIREMENTS

1. When eligibility for continuation of coverage results from a spouse being divorced or legally separated from a covered **employee**, or a child's loss of **dependent** status, the **employee** or **dependent** must submit a completed Qualifying Event Notification form to the **plan administrator** (or its designee) within sixty (60) days of the latest of:
 - a. The date of the event;
 - b. The date on which coverage under the **Plan** is or would be lost as a result of that event; or
 - c. The date on which the **employee** or **dependent** is furnished with a copy of this Plan Document and Summary Plan Description.

A copy of the Qualifying Event Notification form is available from the **plan administrator** (or its designee). In addition, the **employee** or **dependent** may be required to promptly provide any supporting documentation as may be reasonably requested for purposes of verification. Failure to provide such notice and any requested supporting documentation will result in the person forfeiting their rights to continuation of coverage under this provision.

Within fourteen (14) days of the receipt of a properly completed Qualifying Event Notification, the **plan administrator** (or its designee) will notify the **employee** or **dependent** of his rights to continuation of coverage, and what process is required to elect continuation of coverage. This notice is referred to below as "Election Notice."

2. When eligibility for continuation of coverage results from any qualifying event under the **Plan** other than the ones described in Paragraph 1 above, the **plan administrator** (or its designee) will furnish an Election Notice to the **employee** or **dependent** not later than forty-four (44) days after the date on which the **employee** or **dependent** loses coverage under the **Plan** due to the qualifying event.
3. In the event it is determined that an individual seeking continuation of coverage (or extension of continuation coverage) is not entitled to such coverage, the **plan administrator** (or its designee) will provide to such individual an explanation as to why the individual is not entitled to continuation coverage. This notice is referred to here as the "Non-Eligibility Notice." The Non-Eligibility Notice will be furnished in accordance with the same time frame as applicable to the furnishing of the Election Notice.
4. In the event an Election Notice is furnished, the eligible **employee** or **dependent** has sixty (60) days to decide whether to elect continued coverage. Each person who is described in the Election Notice and was covered under the **Plan** on the day before the qualifying event has the right to elect continuation of coverage on an individual basis, regardless of family enrollment. If the **employee** or **dependent** chooses to have continuation coverage, he must advise the **plan administrator** (or its designee) of this choice by returning to the **plan administrator** (or its designee) a properly completed Election Notice not later than the last day of the sixty (60) day period. If the Election Notice is mailed to the **plan administrator** (or its designee), it must be postmarked on or before the last day of the sixty (60) day period. This sixty (60) day period begins on the later of the following:
 - a. The date coverage under the **Plan** would otherwise end; or
 - b. The date the person receives the Election Notice from the **plan administrator** (or its designee).
5. Within forty-five (45) days after the date the person notifies the **plan administrator** (or its designee) that he has chosen to continue coverage, the person must make the initial payment. The initial payment will be the amount needed to provide coverage from the date continued benefits begin, through the last day of the month in which the initial payment is made. Thereafter, payments for the continuation coverage are to be made monthly, and are due in advance, on the first day each month.

COST OF COVERAGE

1. The **Plan** requires that **covered persons** pay the entire costs of their continuation coverage, plus a two percent (2%) administrative fee. Except for the initial payment (see above), payments must be remitted to the **plan administrator** (or its designee) by or before the first day of each month during the continuation period. The payment must be remitted on a timely basis in order to maintain the coverage in force.
2. For a person originally covered as an **employee** or as a spouse, the cost of coverage is the amount applicable to an **employee** if coverage is continued for himself alone. For a person originally covered as a child and continuing coverage independent of the family unit, the cost of coverage is the amount applicable to an **employee**.

WHEN CONTINUATION COVERAGE BEGINS

When continuation coverage is elected and the initial payment is made within the time period required, coverage is reinstated back to the date of the loss of coverage, so that no break in coverage occurs. Coverage for **dependents** acquired and properly enrolled during the continuation period begins in accordance with the enrollment provisions of the **Plan**.

FAMILY MEMBERS ACQUIRED DURING CONTINUATION

A spouse or **dependent** child newly acquired during continuation coverage is eligible to be enrolled as a **dependent**. The standard enrollment provision of the **Plan** applies to enrollees during continuation coverage. A **dependent** acquired and enrolled after the original qualifying event, other than a child born to or **placed for adoption** with a covered **employee** during a period of COBRA continuation coverage, is not eligible for a separate continuation if a subsequent event results in the person's loss of coverage.

EXTENSION OF CONTINUATION COVERAGE

1. In the event any of the following events occur during the period of continuation coverage resulting from an 18-Month Qualifying Event, it is possible for a *dependent's* continuation coverage to be extended:
 - a. Death of the *employee*.
 - b. Divorce or legal separation from the *employee*.
 - c. The child's loss of *dependent* status.

Written notice of such event must be provided by submitting a completed Additional Extension Event Notification form to the *plan administrator* (or its designee) within sixty (60) days of the latest of:

- a. The date of that event;
- b. The date on which coverage under the *Plan* would be lost as a result of that event if the first qualifying event had not occurred; or
- c. The date on which the *employee* or *dependent* is furnished with a copy of the Plan Document and Summary Plan Description.

A copy of the Additional Extension Event Notification form is available from the *plan administrator* (or its designee). In addition, the *dependent* may be required to promptly provide any supporting documentation as may be reasonably required for purposes of verification. Failure to properly provide the Additional Extension Event Notification and any requested supporting documentation will result in the person forfeiting their rights to extend continuation coverage under this provision. In no event will any extension of continuation coverage extend beyond thirty-six (36) months from the later of the date of the first qualifying event or the date as of which continuation coverage began.

Only a person covered prior to the original qualifying event, or a child born to or *placed for adoption* with a covered *employee* during a period of COBRA coverage may be eligible to continue coverage through an extension of continuation coverage as described above. Any other *dependent* acquired during continuation coverage is not eligible to extend continuation coverage as described above.

2. A person who loses coverage on account of an 18-Month Qualifying Event may extend the maximum period of continuation coverage from eighteen (18) months to up to twenty-nine (29) months in the event both of the following occur:
 - (i) That person (or another person who is entitled to continuation coverage on account of the same 18-Month Qualifying Event) is determined by the Social Security Administration, under Title II or Title XVI of the Social Security Act, to have been disabled before the sixtieth (60th) day of continuation coverage; and
 - (ii) The disability status, as determined by the Social Security Administration, lasts at least until the end of the initial eighteen (18) month period of continuation coverage.

The disabled person (or his representative) must submit written proof of the Social Security Administration's disability determination to the *plan administrator* (or its designee) within the initial eighteen (18) month period of continuation coverage and no later than sixty (60) days after the latest of:

- (A.) The date of the disability determination by the Social Security Administration;
- (B.) The date of the 18-Month Qualifying Event;
- (C.) The date on which the person loses (or would lose) coverage under the *Plan* as a result of the 18-Month Qualifying Event; or

- (D.) The date on which the person is furnished with a copy of the Plan Document and Summary Plan Description.

Should the disabled person fail to notify the *plan administrator* (or its designee) in writing within the time frame described above, the disabled person (and others entitled to disability extension on account of that person) will then be entitled to whatever period of continuation he or they would otherwise be entitled to, if any. The *Plan* may require that the individual pay one hundred and fifty percent (150%) of the cost of continuation coverage during the additional eleven (11) months of continuation coverage. In the event the Social Security Administration makes a final determination that the individual is no longer disabled, the individual must provide notice of that final determination no later than thirty (30) days after the later of:

- a. The date of the final determination by the Social Security Administration; or
- b. The date on which the individual is furnished with a copy of the Plan Document and Summary Plan Description.

END OF CONTINUATION

Continuation of coverage under this provision will end on the earliest of the following dates:

1. Eighteen (18) months (or twenty-nine (29) months if continuation coverage is extended due to certain disability status as described above) from the date continuation began because of an 18-Month Qualifying Event or the last day of leave under the Family and Medical Leave Act of 1993.
2. Twenty-four (24) months from the date continuation began because of the call-up to military duty.
3. Thirty-six (36) months from the date continuation began for *dependents* whose coverage ended because of the death of the *employee*, divorce or legal separation from the *employee*, or the child's loss of *dependent* status.
4. The end of the period for which contributions are paid if the *covered person* fails to make a payment by the date specified by the *plan administrator* (or its designee). In the event continuation coverage is terminated for this reason, the individual will receive a notice describing the reason for the termination of coverage, the effective date of termination, and any rights the individual may have under the *Plan* or under applicable law to elect an alternative group or individual coverage, such as a conversion right. This notice is referred to below as an "Early Termination Notice."
5. The date coverage under the *Plan* ends and the *employer* offers no other group health benefit plan. In the event continuation coverage is terminated for this reason, the individual will receive an Early Termination Notice.
6. The date the *covered person* first becomes entitled, after the date of the *covered person's* original election of continuation coverage, to *Medicare* benefits under Title XVIII of the Social Security Act. In the event continuation coverage is terminated for this reason, the individual will receive an Early Termination Notice.
7. The date the *covered person* first becomes covered under any other employer's group health plan after the original date of the *covered person's* election of continuation coverage.
8. For the spouse or *dependent* child of a covered *employee* who becomes entitled to *Medicare* prior to the spouse's or *dependent's* election for continuation coverage, thirty-six (36) months from the date the covered *employee* becomes entitled to *Medicare*.

SPECIAL RULES REGARDING NOTICES

1. Any notice required in connection with continuation coverage under the *Plan* must, at minimum, contain sufficient information so that the *plan administrator* (or its designee) is able to determine from such notice the *employee* and *dependent(s)* (if any), the qualifying event or disability, and the date on which the qualifying event occurred.

2. In connection with continuation coverage under the *Plan*, any notice required to be provided by any individual who is either the *employee* or a *dependent* with respect to the qualifying event may be provided by a representative acting on behalf of the *employee* or the *dependent*, and the provision of the notice by one individual shall satisfy any responsibility to provide notice on behalf of all related eligible individuals with respect to the qualifying event.
3. As to an Election Notice, Non-Eligibility Notice or Early Termination Notice:
 - a. A single notice addressed to both the *employee* and the spouse will be sufficient as to both individuals if, on the basis of the most recent information available to the *Plan*, the spouse resides at the same location as the *employee*; and
 - b. A single notice addressed to the *employee*, or the spouse will be sufficient as to each *dependent* child of the *employee* if, on the basis of the most recent information available to the *Plan*, the *dependent* child resides at the same location as the individual to whom such notice is provided.

MILITARY MOBILIZATION

If an *employee* is called for active duty by the United States Armed Services (including the Coast Guard, the National Guard or the Public Health Service), the *employee* and the *employee's dependent* may continue their health coverages, pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA).

When the leave is less than thirty-one (31) days, the *employee* and the *employee's dependent* may not be required to pay more than the *employee's* share, if any, applicable to that coverage. If the leave is thirty-one (31) days or longer, then the *plan administrator* (or its designee) may require the *employee* and the *employee's dependent* to pay no more than one hundred and two percent (102%) of the full contribution.

The maximum length of the continuation coverage required under the Uniformed Services Employment and Reemployment Rights Act (USERRA) is the lesser of:

1. Twenty-four (24) months beginning on the day that the leave commences, or
2. A period beginning on the day that the leave began and ending on the day after the *employee* fails to return to employment within the time allowed.

The period of continuation coverage under USERRA will be counted toward any continuation coverage period concurrently available under COBRA. Upon return from active duty, the *employee* and the *employee's dependent* will be reinstated without a waiting period, regardless of their election of COBRA continuation coverage.

PLAN CONTACT INFORMATION

Questions concerning the *Plan*, including any available continuation coverage, can be directed to the *plan administrator* (or its designee).

ADDRESS CHANGES

In order to help ensure the appropriate protection of rights and benefits under the *Plan*, *covered persons* should keep the *plan administrator* (or its designee) informed of any changes to their current addresses.

MEDICAL CLAIM FILING PROCEDURE

A “pre-service claim” is a claim for a **Plan** benefit that is subject to the prior certification rules, as described in the section, *Pre-Service Claim Procedure*. All other claims for **Plan** benefits are “post-service claims” and are subject to the rules described in the section, *Post-Service Claim Procedure*.

POST-SERVICE CLAIM PROCEDURE

FILING A CLAIM

Claims should be submitted to the **claim administrator**. The date of receipt will be the date the claim is received by the **claim administrator**.

All claims submitted for benefits must contain all of the following:

1. All claims submitted for benefits must contain all of the following:
 - a. Name of patient.
 - b. Patient’s date of birth.
 - c. Name of **employee**.
 - d. Address of **employee**.
 - e. Name of **employer** and group number.
 - f. Name, address and tax identification number of provider.
 - g. **Employee** Trustmark Health Benefits, Inc. Member Identification Number.
 - h. Date of service.
 - i. Diagnosis and diagnosis code.
 - j. Description of service and procedure number.
 - k. Charge for service.
 - l. The nature of the **accident, injury** or **illness** being treated.
2. Timely Filing: All claims not submitted within twelve (12) months from the date the services were rendered will be considered not timely file, will not be a **covered expense** and will be denied.

The **covered person** may ask the health care provider to submit the claim directly to the **claim administrator** or to the **Preferred Provider Organization** as outlined above, or the **covered person** may submit the bill with a claim form. However, it is ultimately the **covered person’s** responsibility to make sure the claim for benefits has been filed.

NOTICE OF AUTHORIZED REPRESENTATIVE

The **covered person** may provide the **plan administrator** (or its designee) with a written authorization for an authorized representative to represent and act on behalf of a **covered person** and consent to the release of information related to the **covered person** to the authorized representative with respect to a claim for benefits or an appeal. Authorization forms may be obtained from the Human Resources Department.

NOTICE OF CLAIM

A claim for benefits should be submitted to the **claims administrator** within ninety (90) calendar days after the occurrence or commencement of any services by the **Plan**, or as soon thereafter as reasonably possible.

Failure to file a claim within the time provided shall not invalidate or reduce a claim for benefits if: (1) it was not reasonably possible to file a claim within that time; and (2) that such claim was furnished as soon as possible, but no later than twelve (12) months after the loss occurs or commences unless the claimant is legally incapacitated.

Notice given by or on behalf of a *covered person* or his beneficiary, if any, to the *plan administrator* or to any authorized agent of the *Plan*, with information sufficient to identify the *covered person*, shall be deemed notice of claim.

TIME FRAME FOR BENEFIT DETERMINATION

After a completed claim has been submitted to the *claims administrator*, and no additional information is required, the *claims administrator* will generally complete its determination of the claim within thirty (30) calendar days of receipt of the completed claim unless an extension is necessary due to circumstances beyond the *Plan's* control.

After a completed claim has been submitted to the *claims administrator*, and if additional information is needed for determination of the claim, the *claims administrator* will provide the *covered person* (or authorized representative) with a notice detailing information needed. The notice will be provided within thirty (30) calendar days of receipt of the completed claim and will state the date as of which the *Plan* expects to make a decision. The *covered person* will have forty-five (45) calendar days to provide the information requested, and the *Plan* will complete its determination of the claim within fifteen (15) calendar days of receipt by the *claims administrator* of the requested information. Failure to respond in a timely and complete manner will result an *adverse benefit determination*.

NOTICE OF ADVERSE BENEFIT DETERMINATION

If the claim for benefits is denied, the *plan administrator* (or its designee) shall provide the *covered person* (or authorized representative) with a written Notice of Adverse Benefit Determination within the time frames described immediately above.

The Notice of Adverse Benefit Determination shall include an explanation of the denial, including:

1. Information sufficient to identify the claim involved.
2. The specific reasons for the *adverse benefit determination*, to include:
 - a. The denial code and its specific meaning, and
 - b. A description of the *Plan's* standards, if any, used when denying the claim.
3. Reference to the *Plan* provisions on which the *adverse benefit determination* is based.
4. A description of any additional material or information needed and an explanation of why such material or information is necessary.
5. A description of the *Plan's* claim appeal procedure and applicable time limits.
6. A statement that if the *covered person's* appeal (Refer to *Appealing an Adverse Benefit Determination on a Post-Service Claim* below) is denied, the *covered person* has the right to bring a civil action under section 502 (a) of the Employee Retirement Income Security Act of 1974.
7. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Adverse Benefit Determination will contain either:
 - a. A copy of that criterion, or
 - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
8. If the *adverse benefit determination* was based on *medical necessity, experimental/investigational* treatment or similar exclusion or limit, the *plan administrator* (or its designee) will supply either:
 - a. An explanation of the scientific or clinical judgment, applying the terms of the *Plan* to the *covered person's* medical circumstances, or
 - b. A statement that such explanation will be supplied free of charge, upon request.

APPEALING AN ADVERSE BENEFIT DETERMINATION ON A POST-SERVICE CLAIM

A *covered person*, or the *covered person's* authorized representative, may request a review of an *adverse benefit determination* on a Post-Service claim by making written request to the *claims administrator* within one hundred eighty (180) calendar days from receipt of notification of the *adverse benefit determination* and stating the reasons the *covered person* feels the claim should not have been denied.

The following describes the review process and rights of the *covered person* for a full and fair review:

1. The **covered person** has the right to submit documents, information and comments and to present evidence and testimony.
2. The **covered person** has the right to access, free of charge, **relevant information** to the claim for benefits.
3. Before a final **adverse benefit determination** on appeal is rendered, the **covered person** will be provided, free of charge, with any new or additional rationale or evidence considered, relied upon, or generated by the **Plan** in connection with the claim. Such information will be provided as soon as possible and sufficiently in advance of the notice of **final internal adverse benefit determination**. However there could be circumstances where the new or additional evidence or rationale could be received so late that it would be impossible to provide to the **covered person** in time to have a reasonable opportunity to respond. In these circumstances, the period for providing notice of final determination on appeal will be tolled until the earliest of the following dates:
 - a. The date the **covered person** responds to the new or additional rationale or evidence; or
 - b. Three (3) weeks from the date the new or additional rationale or evidence was mailed to the **covered person**.
4. The review takes into account all information submitted by the **covered person**, even if it was not considered in the initial benefit determination.
5. The review will not afford deference to the original **adverse benefit determination**.
6. The review will not be performed by:
 - a. The individual who originally denied the claim, nor
 - b. Subordinate to the individual who originally denied the claim.
7. If the original **adverse benefit determination** was, in whole or in part, based on medical judgment:
 - a. The review will consult with a **professional provider** who has appropriate training and experience in the field involving the medical judgment; and
 - b. The **professional provider** will be neither:
 - i. An individual who was consulted in connection with the original **adverse benefit determination**, nor
 - ii. A subordinate of any other **professional provider** who was consulted in connection with the original **adverse benefit determination**.
8. If requested, the review will identify the medical or vocational expert(s) who gave advice in connection with the original **adverse benefit determination**, whether or not the advice was relied upon.

NOTICE OF BENEFIT DETERMINATION ON APPEAL

The **plan administrator** (or its designee) shall provide the **covered person** (or authorized representative) with a written notice of the appeal decision within sixty (60) calendar days of receipt of a written request for the appeal.

If the appeal is denied, the Notice of Appeal Decision will contain an explanation of the Decision, including:

1. The specific reasons for the **adverse benefit determination**.
2. Reference to specific **Plan** provisions on which the **adverse benefit determination** is based.
3. A statement that the **covered person** has the right to access, free of charge, **relevant information** to the claim for benefits.
4. A statement of the **covered person's** right to request an external review of whether items or services are subject to the requirements specified in numbers 1. through 6. in the *Nonpreferred Provider subsection*, under the

- Preferred Provider or Nonpreferred Provider section*, and a description of the process for requesting such a review.
5. A statement that if the *covered person's* appeal is denied, the *covered person* has the right to bring a civil action under section 502 (a) of the Employee Retirement Income Security Act of 1974.
 6. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Appeal Decision will contain either:
 - a. A copy of that criterion, or
 - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
 7. If the *adverse benefit determination* was based on *medical necessity*, *experimental/investigational* treatment or similar exclusion or limit, the *plan administrator* (or its designee) will supply either:
 - a. An explanation of the scientific or clinical judgment, applying the terms of the *Plan* to the claimant's medical circumstances, or
 - b. A statement that such explanation will be supplied free of charge, upon request.

FOREIGN CLAIMS

In the event a *covered person* incurs a *covered expense* in a foreign country, the *covered person* shall be responsible for submitting the claim form, provider invoice and any documentation required to process the claim in the English language to the *claims administrator* before payment of any benefits due are payable.

PRE-SERVICE CLAIM PROCEDURE

CARE COORDINATION PROGRAM

To best assist *covered persons* with navigation of the healthcare system, this *Plan* includes a "Care Coordination Program" provided by Quantum Health. The Care Coordination Program is intended to help *covered persons* better understand their available health benefits, obtain quality healthcare and services in the most appropriate setting, reduce unnecessary medical costs, and allow early identification of complex medical conditions using "Care Coordinators," "Medical Management Standards" and "Care Management." The Care Coordinators are available to *covered persons* and their providers for information, help, and guidance, and can be reached toll-free by calling Quantum Health's **Care Coordinators** at 1-833-346-1478.

THE CARE COORDINATORS

Quantum Health provides a single point of contact through "Care Coordinators" or "Patient Service Representatives" for *covered persons* and providers to help the *covered person* with navigation through their individual healthcare journey, including, but not limited to:

1. Answering questions about eligibility, *Plan* benefits and coverage levels;
2. Locating providers based on network status and an individual *covered person's* needs;
3. Outreaching to *covered persons* and educating them about the benefits of using *preferred providers* and other resources available under this *Plan*;
4. Identifying and educating *covered persons* about availability of community resources;
5. Initiating and coordinating referrals;
6. Identifying *covered persons* who may benefit from Care Management;
7. Facilitating pre-certification determinations as "pre-service" and *concurrent care* claims in accordance with this *Plan's Medical Claim Filing Procedures**;
8. Advising on claim and appeal status, how-to-understand explanations of benefits ("EOBs") and health care bills, and
9. Other general customer service functions on behalf of this *Plan*.

*As an added courtesy, if a *covered person* or provider inquiries about coverage for a service that would generally be subject to a medical judgment review in a "post-service claim" as defined under this *Plan*, the Care Coordinators will

offer an opportunity for a “pre-determination.” Pre-determinations are not considered “claims” under this *Plan’s Medical Claim Filing Procedures* and are generally suggested for services being rendered in an office or an *outpatient* setting where medical judgment may be involved and there is no pre-certification requirement under this *Plan*. This allows the *covered person* and provider to better estimate coverage levels for services under this *Plan* prior to incurring the expense and to provide the *covered person* with an opportunity to seek and receive care from a *preferred provider* or *facility* and maximize benefits under this *Plan*. To find out if a potential service requires pre-certification or is eligible for a pre-determination, the *covered person* should reach out to **the Care Coordinators at 1-833-346-1478**.

If the covered person has any questions about their benefits under this Plan, they should reach out to the Care Coordinators at 1-833-346-1478.

THE COVERED PERSON’S ROLE IN CARE COORDINATION

Covered persons play a vital role in the Care Coordination process. To maximize benefits available under this *Plan*, the *covered person* should become familiar with and follow the Care Coordination processes outlined below and any other applicable *Plan* provisions. **Please note that failure to comply with requirements under this *Plan* can result in significant benefit reductions, which may include penalties, higher copays and cost sharing, balance billing or denials of coverage for certain services. When in doubt, contact the Care Coordinators at 1-833-346-1478.**

1. Use Preferred Providers where Possible to Reduce Out-of-Pocket Costs.

This *Plan* offers a broad network of providers and the benefits under this *Plan* may be more generous when a *covered person* receives services from a *preferred provider* (aka, “in-network”). **To find in-network providers, please visit the *Plan’s* website at www.myCSUSAHealthPlan.com or call the Care Coordinators at 1-833-346-1478.** The section *Schedule of Benefits* and the Summary of Benefits and Coverage (“SBC”) provided by the *employer* identifies the coverage differences between services provided in-network and out-of-network. Generally, receiving services from *nonpreferred providers* (aka, “out-of-network”) will result in increased financial responsibility and could result in balance billing by the provider for many non-emergency services as otherwise explained in this *Plan*.

2. Designate an In-Network Primary Care Physician.

While not required, to maximize benefits under this *Plan* and streamline the coordination of care, covered persons are strongly encouraged to designate an in-network Primary Care Physician (PCP). A successful healthcare journey generally begins with a PCP who maintains a relationship with the *covered person*, coordinates with the *Plan* and other providers and supplies ongoing general healthcare evaluation, guidance, and care management.

Covered persons are encouraged to begin all healthcare events or inquiries with a call or visit to their designated PCP. Because the PCP takes part in Care Coordination, they will help with submission of pre-certification requests and may receive updates from this *Plan* to enable the PCP to supply ongoing healthcare guidance.

If you have trouble finding a PCP, the Care Coordinators can supply a list of in-network PCPs based on individual needs. **Care Coordinators: 1-833-346-1478.**

3. Understand what Services Require Pre-Certification.

To provide Care Coordination and to maximize benefits payable under this *Plan*, the following care, services, and procedures must be authorized before they are provided (“pre-certification”) under this *Plan’s* Medical Management Standards (also commonly referred to as utilization review).

Services Requiring Pre-Certification (In-Network and Out-of-Network)	
Medical/Surgical Services	Mental Health/Substance Use Disorder Services
<ul style="list-style-type: none"> • <i>Inpatient Hospital</i> Admissions (<i>Inpatient</i>) • Skilled Nursing Facility Admissions (<i>Inpatient</i>) • <i>Hospice</i> Care (<i>Inpatient</i> and <i>Outpatient</i>) • Organ, Tissue and Bone Marrow Transplants (<i>Inpatient</i>) • <i>Outpatient</i> Services provided in a <i>Hospital</i> Setting (<i>Outpatient</i>) • <i>Ambulatory Surgical Facility</i> (<i>Outpatient</i>) • Home Health (<i>Outpatient</i>) • Diagnostics MRI/MRA/PET (<i>Outpatient</i>) • Genetic Testing (<i>Outpatient</i>) • Oncology Services – Chemotherapy, Radiation and Clinical Trials (<i>Outpatient</i>) • Dialysis (<i>Outpatient</i>) • <i>Durable Medical Equipment</i> over \$1,500 (<i>Outpatient</i>) 	<ul style="list-style-type: none"> • <i>Inpatient Hospital</i> Admissions (<i>Inpatient</i>) • Residential Treatment Facility Admissions (<i>Inpatient</i>) • Partial Hospitalization (<i>Outpatient</i>) • Intensive Outpatient Services (<i>Outpatient</i>)

4. Understand the Pre-Certification Process.

a. Timing of Request.

Pre-certification requests should be made to the Care Coordinators at least **three business days** before a scheduled service, treatment, procedure, ***inpatient*** admission or any other service requiring pre-certification except in the following circumstances:

- i. For an ***emergency medical condition hospital*** admission or ***outpatient*** procedure, notification to the Care Coordinators should be made on or before the next business day after the admission or procedure. For the purposes of this subsection only, ***emergency medical condition*** is defined as a procedure that has not been previously scheduled and cannot be delayed without harming the ***covered person's*** health.
- ii. Notification should be made upon a ***covered person's*** identification as a potential organ or tissue transplant recipient.
- iii. Maternity admission notifications should be submitted thirty (30) days before the expected delivery date.

b. Submission of a Request.

Covered persons are ultimately responsible for ensuring that all pre-certifications are approved and on file prior to the provision of service to maximize benefits under this ***Plan***. Most pre-certification requests are submitted to the Care Coordinators by a designated PCP, other PCP, or other healthcare provider via this ***Plan's*** provider portal, facsimile or by calling the **Care Coordinators: 1-833-346-1478** as listed on the back of the ***covered person's*** identification card.

c. Evaluation of the Request.

Submitted pre-certification requests are considered pre-service claims and are reviewed to determine if the requested service is: (a) specifically covered or excluded under the terms of this ***Plan*** or (b) considered

experimental/investigational and (c) is *medically necessary* under the *Plan's* Medical Management Standards discussed below. Depending on the request, the Care Coordinators may contact the requesting provider and/or treating provider to obtain additional clinical information to support the request and will suspend the claim for 45 days to allow the provider to send the information. At the end of the 45-day period, the claim will be denied as an administrative denial if the information is not provided.

d. Ongoing Courses of Treatment.

Inpatient hospital stays, other institutional admissions, and ongoing courses of treatment are regularly monitored by Quantum to evaluate continued *medical necessity* and appropriate level of ongoing care or site of care, if necessary, under the Medical Management Standards discussed below. Quantum Health will communicate regularly with attending providers, discharge planners of facilities, the *covered person* and/or their family to monitor the *covered person's* progress and expect and initiate planning for discharge needs.

If an already-approved course of treatment is reduced or terminated or is an ongoing course of treatment in a claim involving *urgent care*, the claim shall be treated as a *concurrent care* claim under this *Plan's* Medical Claim Filing Procedures. Otherwise, it shall be treated as a pre-service or post-service claim as applicable.

5. Understand the Impact of Failure to Request Pre-Certification.

Failure to timely submit a pre-certification request will result in the amount of benefits payable for *covered expenses* incurred reduced by fifty percent (50%). This reduction shall not apply when the agreement between a *preferred provider* and *preferred provider organization* prohibits a reduction in benefits for failure to pre-certify.

If Quantum Health declines to grant the full pre-certification requested, benefits for days not certified as *medically necessary* shall be denied.

However, a *covered person* will not be penalized for failure to obtain pre-certification if a prudent layperson, who has an average knowledge of health and medicine, could reasonably expect that the absence of immediate medical attention would jeopardize the life or long-term health of the individual. *Covered persons* who receive care on this basis should contact the Care Coordinators no later than two (2) business days after receiving care or a *hospital* admittance.

6. Understand that Participation in the Program is not a Guarantee of Benefits.

Quantum Health strives to supply accurate and up-to-date information about provider network status, benefit estimates and *Plan* coverage through the Program. However, engagement with the Care Coordinators for any reason, including pre-determinations, is not a guarantee of benefits. *Covered persons* are still responsible for educating themselves on the benefits available to them (under this *Plan* and as otherwise provided by the *plan sponsor*, or by other community resources).

Further, pre-certification approvals issued by Quantum Health mean that the medical condition, services, and care settings meet the Medical Management Standards adopted by this *Plan*. The approvals do not guarantee that the service will be a covered benefit at the time the claim is submitted for processing as a post-service claim, that the *covered person* is eligible for such benefits, that other benefit conditions such as *copays*, deductibles, *coinsurance*, or out-of-pocket limits have been satisfied or that the *covered person* will not be subject to balance billing where services are provided by an out-of-network provider. Final determinations of coverage and eligibility for benefits are made by this *Plan* when the claim is submitted for payment.

THE PLAN'S MEDICAL MANAGEMENT STANDARDS

Determinations involving medical judgment (i.e., *experimental/investigational* and *medical necessity*) that require interpretation of clinical information are reviewed by a clinician under the terms of this *Plan* and the clinical review criteria approved by the *plan administrator*. If the clinician is not able to justify coverage based on the established

criteria or no applicable criteria is available, it is referred to a medical director for review using the general clinical review criteria, medical director criteria or is referred to a “Peer Reviewer.” A Peer Reviewer is a staff medical director or an independent reviewer but will be a Doctor of Medicine or a Doctor of Osteopathic Medicine or in the same licensure category as the ordering provider.

If an initial *adverse benefit determination* is pending or issued by Quantum Health based on medical judgment, the ordering provider may request a peer-to-peer conversation with the Peer Reviewer to discuss the determination and supply more information that may support coverage. The peer-to-peer must be requested by the ordering provider prior to the *covered person* (or authorized representative) filing an appeal under this *Plan’s Medical Claim Filing Procedures*.

COMPLIANCE WITH THE MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT

The Mental Health Parity and Addiction Equity Act and regulations issued thereunder (“MHPAEA”) generally require that the *Plan* may not impose a financial requirement or treatment limitation on any *mental health disorder/substance use disorder* benefits offered under the *Plan* unless the requirement or treatment limitation meets certain requirements, as documented by a comparative analysis.

Certain components of the Care Coordination Program, including the pre-certification and *concurrent care* review requirements and the use of other “Medical Management Standards” (medical judgment determinations of *medical necessity*, medical appropriateness and designation as *experimental/investigational* treatment to make benefit determinations) are generally considered non-quantitative treatment limitations (NQTL’s) under MHPAEA.

The Care Coordination Program is intended to be compliant with the MHPAEA in its design and application because:

1. The *Plan’s* pre-certification and *concurrent care* review and Medical Management Standards are reasonably designed to detect or prevent fraud, waste and abuse.
2. The processes, strategies, evidentiary standards and other factors used to design the pre-certification, *concurrent care* review and Medical Management Standards requirements for *mental health disorder* or *substance use disorder* benefits in each classification are comparable to and no more restrictive than those processes, strategies, evidentiary standards, or other factors used to design the pre-certification, *concurrent care* review and Medical Management Standards to substantially all of the medical and surgical benefits in the same classification as reflected above.
3. The clinical criteria applied by the *Plan* under the Medical Management Standards as written and in operation for medical/surgical and *mental health disorder/substance use disorder* benefits are generally recognized independent professional medical or clinical standards (generally, InterQual, the *Plan’s* medical criteria and Quantum Health medical director criteria consistent with generally accepted standards of care).
4. The *Plan’s* pre-certification, *concurrent care* review and Medical Management Standards, as written and in operation, are not applied to mental health or substance use disorder benefits in any classification more restrictively or more stringently than and are impartially applied comparably to the pre-certification, *concurrent care* review and Medical Management Standards applied to substantially all medical/surgical benefits in the same classification.

NOTICE OF AUTHORIZED REPRESENTATIVE

The ***covered person*** may provide the ***plan administrator*** (or its designee) with a written authorization for an authorized representative to represent and act on behalf of a ***covered person*** and consent to release of information related to the ***covered person*** to the authorized representative with respect to a claim for benefits or an appeal. Authorization forms may be obtained from the Human Resource Department. Notwithstanding the foregoing, requests for pre-certification and other pre-service claims or requests by a person or entity other than the ***covered person*** may be processed without a written authorization if the request or claim appears to the ***plan administrator*** (or its designee) to come from a reasonably appropriate and reliable source (e.g., ***physician's*** office, individuals identifying themselves as immediate relatives, etc.).

TIME FRAME FOR PRE-SERVICE CLAIM DETERMINATION

1. In the event the ***Plan*** receives from the ***covered person*** (or authorized representative) a communication that fails to follow the pre-certification procedure as described above but communicates at least the name of the ***covered person***, a specific medical condition or symptom, and a specific treatment, service or product for which prior approval is requested, the ***covered person*** (or the authorized representative) will be orally notified (and in writing if requested), within five (5) calendar days of the failure of the proper procedure to be followed.
2. After a completed pre-certification request for non-urgent care has been submitted to the ***Plan***, and if no additional information is required, the ***Plan*** will generally complete its determination of the claim within a reasonable period of time, but no later than fifteen (15) calendar days from receipt of the request.
3. After a pre-certification request for non-urgent care has been submitted to the ***Plan***, and if an extension of time to make a decision is necessary due to circumstances beyond the control of the ***Plan***, the ***Plan*** will, within fifteen (15) calendar days from receipt of the request, provide the ***covered person*** (or authorized representative) with a notice detailing the circumstances and the date by which the ***Plan*** expects to render a decision. If the circumstances include a failure to submit necessary information, the notice will specifically describe the needed information. The ***covered person*** will have forty-five (45) calendar days to provide the information requested, and the ***Plan*** will complete its determination of the claim no later than fifteen (15) calendar days after receipt by the ***Plan*** of the requested information. Failure to respond in a timely and complete manner will result in an ***adverse benefit determination***.

CONCURRENT CARE CLAIMS

If an extension beyond the original certification is required, the ***covered person*** (or authorized representative) shall call the BCBSMT/HCSC for continuation of certification.

If a ***covered person*** (or authorized representative) requests to extend a previously approved hospitalization or an ongoing course of treatment, and;

- a. The request involves non-urgent care, then the extension request must be processed within fifteen (15) calendar days after the request was received.
- b. The ***inpatient*** admission or ongoing course of treatment involves ***urgent care***, and
 - (i.) The request is received at least twenty-four (24) hours before the scheduled end of a hospitalization or course of treatment, then the request must be ruled upon, and the ***covered person*** (or authorized representative) notified as soon as possible taking into consideration medical exigencies but no later than twenty-four (24) hours after the request was received; or
 - (ii.) The request is received less than twenty-four (24) hours before the scheduled end of the hospitalization or course of treatment, then the request must be ruled upon, and the ***covered person*** (or authorized representative) notified as soon as possible but no later than seventy-two (72) hours after the request was received; or

- (iii.) The request is received less than twenty-four (24) hours before the scheduled end of the hospitalization or course of treatment and additional information is required, the **covered person** (or authorized representative) will be notified within twenty-four (24) hours of the additional information required. The **covered person** (or authorized representative) has forty-eight (48) hours to provide such information (may be oral unless written is requested). Upon timely response, the **covered person** (or authorized representative) will be notified as soon as possible but no later than forty-eight (48) hours after receipt of additional information. Failure to submit requested information timely will result in an **adverse benefit determination** of such request.

If the **Health Care Management Organization** determines that the **hospital** stay or course of treatment should be decreased or terminated before the end of the fixed number of days and/or treatments, or the fixed time period that was previously approved, then the **Health Care Management Organization** shall:

1. Notify the **covered person** of the proposed change, and
2. Allow the **covered person** to file an appeal and obtain a decision, before the end of the fixed number of days and/or treatments, or the fixed time period that was previously approved.

If, at the end of a previously approved hospitalization or course of treatment, the **Health Care Management Organization** determines that continued **confinement** is no longer **medically necessary**, additional days will not be certified. (Refer to *Appealing an Adverse Benefit Determination of a Pre-Service Claim* discussion below.)

NOTICE OF ADVERSE BENEFIT DETERMINATION ON A PRE-SERVICE CLAIM

If a pre-certification request is denied in whole or in part, the **plan administrator** (or its designee) shall provide the **covered person** (or authorized representative) with a written Notice of an Adverse Benefit Determination on a Pre-Service Claim within the time frames above.

The Notice of Adverse Benefit Determination on a Pre-Service Claim shall include an explanation of the denial, including:

1. Information sufficient to identify the claim involved.
2. The specific reasons for the denial, to include:
 - a. The denial code and its specific meaning, and
 - b. A description of the **Plan's** standards, if any, used when denying the claim.
3. Reference to the **Plan** provisions on which the **adverse benefit determination** is based.
4. A description of any additional material or information needed and an explanation of why such material or information is necessary.
5. A description of the **Plan's** claim appeal procedure and applicable time limits.
6. A statement that if the **covered person's** appeal (Refer to *Appealing an Adverse Benefit Determination on a Pre-Service Claim* below) is denied, the **covered person** has the right to bring a civil action under section 502 (a) of the Employee Retirement Income Security Act of 1974.
7. If an internal rule, guideline, protocol or other similar criterion was relied upon, the Notice of Adverse Benefit Determination on a Pre-Service Claim will contain either:
 - a. A copy of that criterion, or
 - b. A statement that such criterion was relied upon and will be supplied free of charge, upon request.
8. If the **adverse benefit determination** was based on **medical necessity**, **experimental/investigational** treatment or similar exclusion or limit, the **plan administrator** (or its designee) will supply either:
 - a. An explanation of the scientific or clinical judgment, applying the terms of the **Plan** to the **covered person's** medical circumstances, or
 - b. A statement that such explanation will be supplied free of charge, upon request.

APPEALING AN ADVERSE BENEFIT DETERMINATION OF A DENIED PRE-SERVICE CLAIM

A ***covered person*** (or authorized representative) may request a review of an Adverse Benefit Determination of a Pre-Service claim by making a verbal or written request to the ***claims administrator*** within one hundred eighty (180) calendar days from receipt of notification of the ***adverse benefit determination*** and stating the reasons the ***covered person*** feels the claim should not have been denied. If the ***covered person*** (or authorized representative) wishes to appeal the ***adverse benefit determination*** when the services in question have already been rendered, such an appeal will be considered as a separate post-service claim. (Refer to *Post-Service Claim Procedure* discussion above.)

The following describes the review process and rights of the ***covered person*** for a full and fair review:

1. The ***covered person*** has the right to submit documents, information and comments and to present testimony.
2. The ***covered person*** has the right to access, free of charge, ***relevant information*** to the claim for benefits.
3. Before a final determination on appeal is rendered, the ***covered person*** will be provided, free of charge, with any new or additional rationale or evidence considered, relied upon, or generated by the ***Plan*** in connection with the claim. Such information will be provided as soon as possible and sufficiently in advance of the notice of final internal determination to give the ***covered person*** an opportunity to respond. The period for providing notice of final determination on appeal will be tolled until the earliest of the following dates:
 - a. The date the ***covered person*** responds to the new or additional rationale or evidence; or
 - b. Three (3) weeks from the date the new or additional rationale or evidence was mailed to the ***covered person***.
4. The review takes into account all information submitted by the ***covered person***, even if it was not considered in the initial benefit determination.
5. The review will not afford deference to the original ***adverse benefit determination***.
6. The review will not be performed by:
 - a. The individual who originally denied the claim, nor
 - b. Subordinate to the individual who originally denied the claim.
7. If the original ***adverse benefit determination*** was, in whole or in part, based on medical judgment:
 - a. The review will consult with a ***professional provider*** who has appropriate training and experience in the field involving the medical judgment.
 - b. The ***professional provider*** will be neither:
 - i. An individual who was consulted in connection with the original ***adverse benefit determination***, nor
 - ii. A subordinate of any other ***professional provider*** who was consulted in connection with the original ***adverse benefit determination***.
8. If requested, the review will identify the medical or vocational expert(s) who gave advice in connection with the original ***adverse benefit determination***, whether or not the advice was relied upon.

CARE MANAGEMENT

Quantum Health's Approach to Care Management

Quantum Health uses a primary nurse model for chronic condition as well as acute condition management. This enhanced approach supplies one nurse to address clinical needs for all chronic and acute issues.

Our primary nurse model has three foundational drivers for change:

1. Humanistic: Help ***covered persons*** with acute and chronic needs by assigning a Personal Care Guide (PCG) to the ***covered person*** and their family and a heightened attention to psychosocial issues that can negatively affect health, quality of life and financial outcomes.
2. Clinical: Identify and prioritize ***covered persons*** in need of clinical outreach. Improve adherence to quality measures for preventive health and management of chronic conditions.
3. Financial: Identify and outreach to ***covered persons*** at risk for future high costs while encouraging preventive care and chronic condition management to improve health and reduce costs.

Initial Outreach and Intake

During outreach, the PCG will discuss the ***covered person's*** treatment, perform a physical assessment, perform a medication reconciliation to ensure there are no duplications or interactions, perform a depression screening with subsequent referrals to EAP or in-network providers, as well as focus on the physical and emotional needs of the ***covered person***.

The PCG will look at the ***covered person's*** barriers to care and individual needs. In addition to the depression screening, they will evaluate the ***covered person's*** financial issues, knowledge deficits, and any cultural barriers.

The PCG nurse will consult with the ***covered person***, their family (if requested), the attending ***physician***, and other members of the ***covered person's*** treatment team to aid in facilitating/implementing proactive plans of care which supply the most appropriate health care and services in a prompt, efficient and cost-effective manner. They help with benefits, incidental health care issues, becoming healthier, finding resources or navigating an unexpected healthcare journey.

Ongoing Support

Conversations with the ***covered person*** would occur at least monthly, if not more often, and continue until the ***covered person's*** health goals and needs are met.

The primary PCG nurse will align with the ***covered person*** and be the single point of contact them, their family and caregivers, and providers. Each ***covered person's*** journey is different, and the types of services provided by the PCG will differ based on the condition managed and the needs of the individual ***covered person***, but generally the PCG nurse will:

1. Provide comprehensive benefit education/utilization support
2. Drive PCP designation and steerage to in-network providers
3. Encourage provider involvement
4. Deliver pre-certification help
5. Perform pre-admission, pre-discharge, and post-discharge engagement
6. Coordinate for utilization review and discharge planning
7. Identify gaps in care and alleviate clinical, financial, and humanistic barriers
8. Coordinate second opinions, drive utilization to other third-party vendor tools, and introduce community resources
9. Perform behavioral health screening

POST-SERVICE AND PRE-SERVICE CLAIM EXTERNAL APPEALS PROCEDURE

EXTERNAL APPEAL

A ***covered person***, or the ***covered person's*** authorized representative, may request a review of an ***adverse benefit determination*** appeal if the claim determination involves medical judgment or a rescission by making written request to the ***claims administrator*** within four (4) months of receipt of notification of the final internal ***adverse benefit determination***. Medical judgment includes, but is not limited to:

1. ***Medical necessity***;
2. Appropriateness;
3. ***Experimental or investigational*** treatment;
4. Health care setting;
5. Level of care; and
6. Effectiveness of a ***covered expense***.

If there is no corresponding date four (4) months after the date of receipt of such a notice, then the request must be made by the first day of the fifth month following the receipt of the notice of final internal ***adverse benefit determination***. {*Note: If the date of receipt of the notice is October 30 because there is no February 30, the request must be filed by March 1, or the next day if March 1st falls on a Saturday, Sunday or Federal holiday.*}

RIGHT TO EXTERNAL APPEAL

Within five (5) business days of receipt of the request, the ***claims administrator*** will perform a preliminary review of the request to determine if the request is eligible for external review, based on confirmation that the final internal ***adverse benefit determination*** was the result of:

1. Medical judgment; or
2. Rescission of coverage under this ***Plan***.

NOTICE OF RIGHT TO EXTERNAL APPEAL

The ***plan administrator*** (or its designee) shall provide the ***covered person*** (or authorized representative) with a written notice of the decision as to whether the claim is eligible for external review within one (1) business day after completion of the preliminary review.

The Notice of Right to External Appeal shall include the following:

1. The reason for ineligibility and the availability of the Employee Benefits Security Administration at 866-444-3272 if the request is complete but not eligible for external review.
2. If the request is incomplete, the information or materials necessary to make the request complete and the opportunity for the ***covered person*** to perfect the external review request by the later of the following:
 - a. The four (4) month filing period; or
 - b. Within the forty-eight (48) hour time period following the ***covered person's*** receipt of notification.

INDEPENDENT REVIEW ORGANIZATION

For external reviews by an Independent Review Organization (IRO), such IRO shall be accredited by URAC or a similar nationally recognized accrediting organization and shall be assigned to conduct the external review. The assigned IRO will timely notify the *covered person* in writing of the request's eligibility and acceptance for external review.

NOTICE OF EXTERNAL REVIEW DETERMINATION

The assigned IRO shall provide the *plan administrator* (or its designee) and the *covered person* (or authorized representative) with a written notice of the final external review decision within forty-five (45) days after receipt of the external review request.

The Notice of Final External Review Decision from the IRO is binding on the *covered person*, the *Plan* and *claims administrator*, except to the extent that other remedies may be available under State or Federal law.

EXPEDITED EXTERNAL REVIEW

The *plan administrator* (or its designee) shall provide the *covered person* (or authorized representative) the right to request an expedited external review upon the *covered person's* receipt of either of the following:

1. An *adverse benefit determination* involving a medical condition for which the timeframe noted above for completion of an internal appeal would seriously jeopardize the health or life of the *covered person* or the *covered person's* ability to regain maximum function and the *covered person* has filed an internal appeal request.
2. A final internal *adverse benefit determination* of benefits involving a medical condition for which the timeframe for completion of a standard external review would seriously jeopardize the health or life of the *covered person* or the *covered person's* ability to regain maximum function or if the final internal *adverse benefit determination* involves any of the following:
 - a. An admission,
 - b. Availability of care,
 - c. Continued stay, or
 - d. A health care item or service for which the *covered person* received *emergency services* but has not yet been discharged from a *facility*.

Immediately upon receipt of the request for *Expedited External Review*, the *Plan* will do all of the following:

1. Perform a preliminary review to determine whether the request meets the requirements in the subsection, *Right to External Appeal*.
2. Send notice of the *Plan's* decision, as described in the subsection, *Notice of Right to External Appeal*.

Upon determination that a request is eligible for external review, the *Plan* will do all of the following:

1. Assign an IRO as described in the subsection, *Independent Review Organization*.
2. Provide all necessary documents or information used to make the *adverse benefit determination* or final *adverse benefit determination* to the IRO either by telephone, facsimile, electronically or other expeditious method.

The assigned IRO will provide notice of final external review decision as expeditiously as the *covered person's* medical condition or circumstances require, but in no event more than seventy-two (72) hours after receipt of the expedited external review request. The notice shall follow the requirements in the subsection, *Notice of External Review Determination*. If the notice of the expedited external review determination was not in writing, the assigned IRO shall provide the *plan administrator* (or its designee) and the *covered person* (or authorized representative) written confirmation of its decision within forty-eight (48) hours after the date of providing that notice.

COORDINATION OF BENEFITS

The *Coordination of Benefits* provision is intended to prevent duplication of benefits. It applies when the *covered person* is also covered by any Other Plan(s). When more than one coverage exists, one plan normally pays its benefits in full, referred to as the primary plan. The Other Plan(s), referred to as secondary plan, pays a reduced benefit. When coordination of benefits occurs, the total benefit payable by all plans will not exceed one hundred percent (100%) of "allowable expenses." Only the amount paid by this *Plan* will be charged against the *Essential Health Benefits/non-Essential Health Benefits maximum benefit*.

The *Coordination of Benefits* provision applies whether or not a claim is filed under the Other Plan(s). If another plan provides benefits in the form of services rather than cash, the reasonable value of the service rendered shall be deemed the benefit paid.

DEFINITIONS APPLICABLE TO THIS PROVISION

"Allowable Expenses" means any reasonable, necessary, and customary expenses *incurred* while covered under this *Plan*, part or all of which would be covered under this *Plan*. Allowable Expenses do not include expenses contained in the "Exclusions" sections of this *Plan*.

When this *Plan* is secondary, "Allowable Expense" will include any deductible or *coinsurance* amounts not paid by the Other Plan(s).

This *Plan* is not eligible to be elected as primary coverage in lieu of automobile benefits. Payments from automobile insurance will always be primary and this *Plan* shall be secondary only.

When this *Plan* is secondary, "Allowable Expense" shall not include any amount that is not payable under the primary plan as a result of a contract between the primary plan and a provider of service in which such provider agrees to accept a reduced payment and not to bill the *covered person* for the difference between the provider's contracted amount and the provider's regular billed charge.

"Other Plan" means any plan, policy or coverage providing benefits or services for, or by reason of medical, dental or vision care. Such Other Plan(s) do not include flexible spending accounts (FSA), health reimbursement accounts (HRA), health savings accounts (HSA), or individual medical, dental or vision insurance policies. "Other Plan" also does not include Tricare, *Medicare*, Medicaid or a state child health insurance program (CHIP). Such Other Plan(s) may include, without limitation:

1. Group insurance or any other arrangement for coverage for *covered persons* in a group, whether on an insured or uninsured basis, including, but not limited to, *hospital* indemnity benefits and *hospital* reimbursement-type plans;
2. *Hospital* or medical service organization on a group basis, group practice, and other group prepayment plans or on an individual basis having a provision similar in effect to this provision;
3. A licensed Health Maintenance Organization (HMO);
4. Any coverage for students which is sponsored by, or provided through, a school or other educational institution;
5. Any coverage under a government program and any coverage required or provided by any statute;
6. Group automobile insurance;
7. Individual automobile insurance coverage;
8. Individual automobile insurance coverage based upon the principles of "No-fault" coverage;

9. Any plan or policies funded in whole or in part by an employer, or deductions made by an employer from a person's compensation or retirement benefits;
10. Labor/management trustee, union welfare, employer organization, or employee benefit organization plans.

"This *Plan*" shall mean that portion of the *employer's Plan* which provides benefits that are subject to this provision.

"Claim Determination Period" means a calendar year or that portion of a calendar year during which the *covered person* for whom a claim is made has been covered under this *Plan*.

ORDER OF BENEFIT DETERMINATION

Except as provided below in *Coordination with Medicare*, each plan will make its claim payment according to the first applicable provision in the following list of provisions which determine the order of benefit payment:

1. No Coordination of Benefits Provision

If the Other Plan contains no provisions for coordination of benefits, then its benefits shall be paid before all Other Plan(s).

2. Member/Dependent

The plan which covers the claimant directly pays before a plan that covers the claimant as a dependent.

3. Dependent Children of Parents not Separated or Divorced

The plan covering the parent whose birthday (month and day) occurs earlier in the year pays first. The plan covering the parent whose birthday falls later in the year pays second. If both parents have the same birthday, the plan that covered a parent longer pays first. A parent's year of birth is not relevant in applying this rule.

4. Dependent Children of Separated or Divorced Parents

When parents are separated or divorced, the birthday rule does not apply, instead:

- c. If a court decree has given one parent financial responsibility for the child's health care, the plan of that parent pays first. The plan of the stepparent married to that parent, if any, pays second. The plan of the other natural parent pays third. The plan of the spouse of the other natural parent, if any, pays fourth.
- d. In the absence of such a court decree, the plan of the parent with custody pays first. The plan of the stepparent married to the parent with custody, if any, pays second. The plan of the parent without custody pays third. The plan of the spouse of the parent without custody, if any, pays fourth.

5. Active/Inactive

The plan covering a person as an active (not laid off or retired) employee or as that person's dependent pays first. The plan covering that person as a laid off or retired employee, or as that person's dependent pays second.

6. Longer/Shorter Length of Coverage

If none of the above rules determine the order of benefits, the plan covering a person longer pays first. The plan covering that person for a shorter time pays second.

COORDINATION WITH MEDICARE

Individuals may be eligible for *Medicare* Part A at no cost if they: (i) are age 65 or older, (ii) have been determined by the Social Security Administration to be disabled, or (iii) have end stage renal disease. Participation in *Medicare* Part B and D is available to all individuals who make application and pay the full cost of the coverage.

1. When an *employee* becomes entitled to *Medicare* coverage (due to age or disability) and is still actively at work, the *employee* may continue health coverage under this *Plan* at the same level of benefits and contribution rate that applied before reaching *Medicare* entitlement.
2. When a *dependent* becomes entitled to *Medicare* coverage (due to age or disability) and the *employee* is still actively at work, the *dependent* may continue health coverage under this *Plan* at the same level of benefits and contribution rate that applied before reaching *Medicare* entitlement.
3. If the *employee* and/or *dependent* are also enrolled in *Medicare* (due to age or disability), this *Plan* shall pay as the primary plan. If, however, the *Medicare* enrollment is due to end stage renal disease, the *Plan's* primary payment obligation will end at the end of the thirty (30) month "coordination period" as provided in *Medicare* law and regulations. If the *employee* and/or *dependent* does not elect *Medicare* but is otherwise eligible due to end stage renal disease, benefits will be paid as if *Medicare* has been elected and this *Plan* will pay secondary benefits upon completion of the thirty (30) month "coordination period."
4. Notwithstanding Paragraphs 1 to 3 above, if the *employer* (including certain affiliated entities that are considered the same employer for this purpose) has fewer than one hundred (100) *employees*, when a covered *dependent* becomes entitled to *Medicare* coverage due to *total disability*, as determined by the Social Security Administration, and the *employee* is actively-at-work, *Medicare* will pay as the primary payer for claims of the *dependent* and this *Plan* will pay secondary.
5. If the *employee* and/or *dependent* elect to discontinue health coverage under this *Plan* and enroll under the *Medicare* program, no benefits will be paid under this *Plan*. *Medicare* will be the only payor.

This section is subject to the terms of the *Medicare* laws and regulations. Any changes in these related laws and regulations will apply to the provisions of this section.

LIMITATIONS ON PAYMENTS

In no event shall the *covered person* recover under this *Plan* and all Other Plan(s) combined more than the total Allowable Expenses offered by this *Plan* and the Other Plan(s). Nothing contained in this section shall entitle the *covered person* to benefits in excess of the total *Essential Health Benefits/non-Essential Health Benefits maximum benefit* of this *Plan* during the claim determination period. The *covered person* shall refund to the *employer* any excess it may have paid.

RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION

For the purposes of determining the applicability of and implementing the terms of this *Coordination of Benefits* provision, the *Plan* may, without the consent of or notice to any person, release to or obtain from any insurance company or any other organization any information, regarding other insurance, with respect to any *covered person*. Any person claiming benefits under this *Plan* shall furnish to the *employer* such information as may be necessary to implement the *Coordination of Benefits* provision.

FACILITY OF BENEFIT PAYMENT

Whenever payments which should have been made under this *Plan* in accordance with this provision have been made under any Other Plan, the *employer* shall have the right, exercisable alone and in its sole discretion, to pay over to any organization making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision. Amounts so paid shall be deemed to be benefits paid under this *Plan* and, to the extent of such payments, the *employer* shall be fully discharged from liability.

AUTOMOBILE ACCIDENT BENEFITS

The **Plan's** liability for expenses arising out of an automobile accident shall always be secondary to any automobile insurance, irrespective of the type of automobile insurance law that is in effect in the **covered person's** state of residence. Currently, there are three (3) types of state automobile insurance laws.

1. No-fault automobile insurance laws
2. Financial responsibility laws
3. Other automobile liability insurance laws

No Fault Automobile Insurance Laws. In no event will the **Plan** pay any claim presented by or on behalf of a **covered person** for medical benefits that would have been payable under an automobile insurance policy but for an election made by the principal named insured under the automobile policy that reduced covered levels and/or subsequent premium. This is intended to exclude, as a **covered expense**, a **covered person's** medical expenses arising from an automobile accident that are payable under an automobile insurance policy or that would have been payable under an automobile insurance policy but for such an election.

1. In the event a **covered person** incurs medical expenses as a result of **injuries** sustained in an automobile accident while "covered by an automobile insurance policy," as an operator of the vehicle, as a passenger, or as a pedestrian, benefits will be further limited to medical expenses, that would in no event be payable under the automobile insurance; provided however that benefits payable due to a required deductible under the automobile insurance policy will be paid by the **Plan** up to the amount equal to that deductible.
2. For the purposes of this section the following people are deemed "covered by an automobile insurance policy."
 - a. An owner or principal named insured individual under such policy.
 - b. A family member of an insured person for whom coverage is provided under the terms and conditions of the automobile insurance policy.
 - c. Any other person who, except for the existence of the **Plan**, would be eligible for medical expense benefits under an automobile insurance policy.

Financial Responsibility Laws. The **Plan** will be secondary to any potentially applicable automobile insurance even if the state's "financial responsibility law" does not allow the **Plan** to be secondary.

Other Automobile Liability Insurance. If the state does not have a no-fault automobile insurance law or a "financial responsibility" law, the **Plan** is secondary to automobile insurance coverage or to any other person or entity who caused the **accident** or who may be liable for the **covered person's** medical expenses pursuant to the general rule for *Subrogation/Reimbursement*.

SUBROGATION/REIMBURSEMENT

The **Plan** is designed to only pay **covered expenses** for which payment is not available from anyone else, including any insurance company or another health plan. In order to help a **covered person** in a time of need, however, the **Plan** may pay **covered expenses** that may be or become the responsibility of another person, provided that the **Plan** later receives reimbursement for those payments (hereinafter called “Reimbursable Payments”).

Therefore, by enrolling in the **Plan**, as well as by applying for payment of **covered expenses**, a **covered person** is subject to, and agrees to, the following terms and conditions with respect to the amount of **covered expenses** paid by the **Plan**:

1. **Assignment of Rights (Subrogation).** The **covered person** automatically assigns to the **Plan** any rights the **covered person** may have to recover all or part of the same **covered expenses** from any party, including an insurer or another group health program (except flexible spending accounts, health reimbursement accounts and health savings accounts), but limited to the amount of Reimbursable Payments made by the **Plan**. This assignment includes, without limitation, the assignment of a right to any funds paid by a third party to a **covered person** or paid to another for the benefit of the **covered person**. This assignment applies on a first-dollar basis (*i.e.*, has priority over other rights), applies whether the funds paid to (or for the benefit of) the **covered person** constitute a full or a partial recovery, and even applies to funds actually or allegedly paid for non-medical or dental charges, attorney fees, or other costs and expenses. This assignment also allows the **Plan** to pursue any claim that the **covered person** may have, whether or not the **covered person** chooses to pursue that claim. By this assignment, the **Plan's** right to recover from insurers includes, without limitation, such recovery rights against no-fault auto insurance carriers in a situation where no third party may be liable, and from any uninsured or underinsured motorist coverage.
2. **Equitable Lien and other Equitable Remedies.** The **Plan** shall have an equitable lien against any rights the **covered person** may have to recover the same **covered expenses** from any party, including an insurer or another group health program, but limited to the amount of Reimbursable Payments made by the **Plan**. The equitable lien also attaches to any right to payment from workers' compensation, whether by judgment or settlement, where the **Plan** has paid **covered expenses** prior to a determination that the **covered expenses** arose out of and in the course of employment. Payment by workers' compensation insurers or the employer will be deemed to mean that such a determination has been made.

This equitable lien shall also attach to any money or property that is obtained by anybody (including, but not limited to, the **covered person**, the **covered person's** attorney, and/or a trust) as a result of an exercise of the **covered person's** rights of recovery (sometimes referred to as “proceeds”). The **Plan** shall also be entitled to seek any other equitable remedy against any party possessing or controlling such proceeds. At the discretion of the **plan administrator**, the **Plan** may reduce any future **covered expenses** otherwise available to the **covered person** under the **Plan** by an amount up to the total amount of Reimbursable Payments made by the **Plan** that is subject to the equitable lien.

This and any other provisions of the **Plan** concerning equitable liens and other equitable remedies are intended to meet the standards for enforcement under ERISA that were enunciated in the United States Supreme Court's decision entitled, *Great-West Life & Annuity Insurance Co. v. Knudson*, 534 US 204 (2002). The provisions of the **Plan** concerning subrogation, equitable liens and other equitable remedies are also intended to supercede the applicability of the federal common law doctrines commonly referred to as the “make whole” rule and the “common fund” rule.

3. Assisting in *Plan's* Reimbursement Activities. The *covered person* has an obligation to assist the *Plan* to obtain reimbursement of the Reimbursable Payments that it has made on behalf of the *covered person*, and to provide the *Plan* with any information concerning the *covered person's* other insurance coverage (whether through automobile insurance, other group health program, or otherwise) and any other person or entity (including their insurer(s)) that may be obligated to provide payments or benefits to or for the benefit of the *covered person*. The *covered person* is required to (a) cooperate fully in the *Plan's* (or any *Plan* fiduciary's) enforcement of the terms of the *Plan*, including the exercise of the *Plan's* right to subrogation and reimbursement, whether against the *covered person* or any third party, (b) not do anything to prejudice those enforcement efforts or rights (such as settling a claim against another party without including the *Plan* as a co-payee for the amount of the Reimbursable Payments and notifying the *Plan*), (c) sign any document deemed by the *plan administrator* to be relevant to protecting the *Plan's* subrogation, reimbursement or other rights, and (d) provide relevant information when requested. The term "information" includes any documents, insurance policies, police reports, or any reasonable request by the *plan administrator* or *claims administrator* to enforce the *Plan's* rights.

The *plan administrator* has delegated to the *claims administrator* for medical claims the right to perform ministerial functions required to assert the *Plan's* rights with regard to such claims and benefits; however, the *plan administrator* shall retain discretionary authority with regard to asserting the *Plan's* recovery rights.

GENERAL PROVISIONS

ADMINISTRATION OF THE PLAN

The ***Plan*** is administered through the Human Resources Department of the ***employer***. The ***employer*** is the ***plan administrator***. The ***plan administrator*** shall have full charge of the operation and management of the ***Plan***. The ***employer*** has retained the services of an independent ***claims administrator*** experienced in claims review.

The ***employer*** is the ***named fiduciary*** of the ***Plan***. The ***employer*** maintains discretionary authority to interpret the terms of the ***Plan***, including but not limited to, determination of eligibility for and entitlement to ***Plan*** benefits in accordance with the terms of the ***Plan***. Any interpretation or determination made pursuant to such discretionary authority shall be given full force and effect unless it can be shown that the interpretation or determination was arbitrary and capricious.

APPLICABLE LAW

All provisions of the ***Plan*** shall be construed and administered in a manner consistent with the requirements under the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

ASSIGNMENT

Coverage and the ***covered person's*** rights under this ***Plan*** may not be assigned. A direction to pay a provider is not an assignment of any right under this ***Plan*** or of any legal or equitable right to institute any court proceeding.

Payment of Benefits

Benefits will be processed as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits. All covered health benefits are payable to the ***covered person***. However, the ***Plan*** has the right to pay any health benefits to the service provider. This will be done unless the ***covered person*** has told the ***claims administrator*** otherwise by the time the ***covered person*** files the claim and a reasonable amount of time for the ***claims administrator*** to process the ***covered person's*** request.

Preferred providers normally bill the ***Plan*** directly. If services, supplies or treatments have been received from such a provider, benefits are automatically paid to that provider. The ***covered person's*** portion of the ***negotiated rate***, after the ***Plan's*** payment, will then be billed to the ***covered person*** by the ***preferred provider***.

The ***Plan*** will pay benefits to the responsible party of an ***alternate recipient*** as designated in a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN).

Additional Provisions

The ***Plan's***, ***Plan Sponsor's***, or ***claim processor's*** failure to implement or insist upon compliance with any provision of this ***Plan*** at any given time or times, shall not constitute a waiver of the right to implement or insist upon compliance with that provision at any other time or times.

BENEFITS NOT TRANSFERABLE

Except as otherwise stated herein, no person other than an eligible ***covered person*** is entitled to receive benefits under the ***Plan***. Such right to benefits is not transferable.

CLAIM EDITS

Claim edits derived from nationally recognized standards, including but not limited to: CPT, HCPCS, ICD-10 and modifiers, may be applied to *covered expenses* to ensure appropriate valid code relationships and to identify bundling and unbundling scenarios. As a result, *covered expenses* may be reduced.

CLERICAL ERROR

No clerical error on the part of the *employer* or *claims administrator* shall operate to defeat any of the rights, privileges, services, or benefits of any *employee* or any *dependent(s)* hereunder, nor create or continue coverage which would not otherwise validly become effective or continue in force hereunder. An equitable adjustment of contributions and/or benefits will be made when the error or delay is discovered. However, if more than six (6) months has elapsed prior to discovery of any error, any adjustment of contributions shall be waived. No party shall be liable for the failure of any other party to perform.

CONFORMITY WITH STATUTE(S)

Any provision of the *Plan* which is in conflict with statutes which are applicable to the *Plan* is hereby amended to conform to the minimum requirements of said statute(s).

EFFECTIVE DATE OF THE PLAN

The *effective date* of the modifications contained herein is January 1, 2026.

FRAUD OR INTENTIONAL MISREPRESENTATION

If the *covered person* or anyone acting on behalf of a *covered person* makes a false statement on the application for enrollment, or withholds information with intent to deceive or affect the acceptance of the enrollment application or the risks assumed by the *Plan*, or otherwise misleads the *Plan*, the *Plan* shall be entitled to recover its damages, including legal fees, from the *covered person*, or from any other person responsible for misleading the *Plan*, and from the person for whom the benefits were provided. Any fraud or intentional misrepresentation of a material fact on the part of the *covered person* or an individual seeking coverage on behalf of the individual in making application for coverage, or any application for reclassification thereof, or for service thereunder is prohibited and shall render the coverage under the *Plan* null and void.

PROHIBITIONS ON RESCISSION

The *Plan* will not rescind *Plan* coverage (i.e., cancel or discontinue coverage retroactively) with respect to a *covered person*, except in the case where the *covered person* (or an individual seeking coverage on behalf of the *covered person*) has performed an act or practice that constitutes fraud or makes an intentional misrepresentation of a material fact. The *Plan* will provide thirty (30) days advance written notice to each such *covered person* who would be affected before such coverage is rescinded. Notwithstanding the foregoing, the *Plan* may still cancel or discontinue coverage effective retroactively to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage. Nothing in this Section will prohibit the *Plan* from cancelling or discontinuing such coverage prospectively for any reason provided under the *Plan*.

FREE CHOICE OF HOSPITAL AND PHYSICIAN

Nothing contained in the *Plan* shall in any way or manner restrict or interfere with the right of any person entitled to benefits hereunder to select a *hospital* or to make a free choice of the attending *physician* or *professional provider*. However, benefits will be paid in accordance with the provisions of the *Plan*, and the *covered person* will have higher out-of-pocket expenses if the *covered person* uses the services of a *nonpreferred provider*.

INCAPACITY

If, in the opinion of the *employer*, a *covered person* for whom a claim has been made is incapable of furnishing a valid receipt of payment due him and in the absence of written evidence to the *Plan* of the qualification of a guardian or personal representative for his estate, the *employer* may on behalf of the *Plan*, at his discretion, make any and all such payments to the provider of services or other person providing for the care and support of such person. Any payment so made will constitute a complete discharge of the *Plan's* obligation to the extent of such payment.

INCONTESTABILITY

All statements made by the *employer* or by the *employee* covered under the *Plan* shall be deemed representations and not warranties. Such statements shall not void or reduce the benefits under the *Plan* or be used in defense to a claim unless they are contained in writing and signed by the *employer* or by the *covered person*, as the case may be. A statement made shall not be used in any legal contest unless a copy of the instrument containing the statement is or has been furnished to the other party to such a contest.

INFORMATION AND RECORDS

You agree that it is your responsibility to insure that any provider, other Blue Cross and Blue Shield Plan, insurance company, employee benefit association, government body or program, any other person or entity, having knowledge of or records relating to (a) any illness or injury for which a claim or claims for benefits are made under the *Plan*, (b) any medical history which might be pertinent to such illness, injury, claim or claims, or (c) any benefits or indemnity on account of such illness or injury or on account of any previous illness or injury which may be pertinent to such claim or claims, furnish to the *claim administrator* or its agent, and agree that any such provider, person or other entity may furnish to the *claim administrator* or its agent, at any time upon its request, any and all information and records (including copies of records) relating to such illness, injury, claim or claims. In addition, the *claim administrator* may furnish similar information and records (or copies of records) to providers, Blue Cross and Blue Shield Plans, insurance companies, governmental bodies or programs or other entities providing insurance-type benefits requesting the same. It is also your responsibility to furnish the *claim administrator* and/or your *employer* or group administrator information regarding your or your dependents becoming eligible for Medicare, termination of Medicare eligibility or any changes in Medicare eligibility status in order that the *claim administrator* be able to make claim payments in accordance with MSP laws.

LEGAL ACTIONS

The decision by the *plan administrator/claims administrator* on review will be final, binding, and conclusive, and will be afforded the maximum deference permitted by law. All claim review procedures provided for in this *Plan* Document must be exhausted before any legal or equitable action is brought. Notwithstanding any other state or federal law, any and all legal actions to recover benefits, whether against the *Plan, plan administrator/claims administrator*, any other person or fiduciary, or their employees, must be filed within one (1) year from the date all claim review procedures provided for in this *Plan* Document have been exhausted.

REIMBURSEMENT PROVISION

Notwithstanding anything to the contrary under this Plan document, if a *covered person* incurs expenses for *illness* or *injury* that occurred due to negligence of a third party and benefits are provided for covered services described in this *Plan*, the *covered person* agrees:

- a. the *claim administrator* has the rights to reimbursement for all benefits the *claim administrator* provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by the *covered person* or their legal representative as a result of *illness* or *injury*, in the amount of the total *covered expenses* or *provider's* claim charge for covered services for which the *claim administrator* has provided benefits to the *covered person*, reduced by any network adjustments or other adjustments (e.g., *Average Discount Percentage* ("ADP")) applicable to the *covered person's* claim or claims.

- b. the *claim administrator* is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits the *claim administrator* provided for that *illness* or *injury*.

The *claim administrator* shall have the right to first reimbursement out of all funds the *covered person*, or their legal representative, are or were able to obtain for the same expenses for which the *claim administrator* has provided benefits as a result of that *illness* or *injury*.

The *covered person* is required to furnish any information or assistance or provide any documents that the *claim administrator* may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability. (See provisions of this *Plan* regarding “*Claim Administrator’s Separate Financial Arrangements with Providers*.”)

LIMITS ON LIABILITY

Liability hereunder is limited to the services and benefits specified, and the *employer* shall not be liable for any obligation of the *covered person incurred* in excess thereof. The *employer* shall not be liable for the negligence, wrongful act, or omission of any *physician, professional provider, hospital*, or other institution, or their employees, or any other person. The liability of the *Plan* shall be limited to the reasonable cost of *covered expenses* and shall not include any liability for suffering or general damages.

LOST DISTRIBUTEES

Any benefit payable hereunder shall be deemed forfeited if the *plan administrator* is unable to locate the *covered person* to whom payment is due, provided, however, that such benefits shall be reinstated if a claim is made by the *covered person* for the forfeited benefits within the time prescribed in the applicable Claim Filing Procedure section of this document.

MEDICAID ELIGIBILITY AND ASSIGNMENT OF RIGHTS

The *Plan* will not take into account whether an individual is eligible for, or is currently receiving, medical assistance under a state plan for medical assistance as provided under Title XIX of the Social Security Act (“State Medicaid Plan”) either in enrolling that individual as a *covered person* or in determining or making any payment of benefits to that individual. The *Plan* will pay benefits with respect to such individual in accordance with any assignment of rights made by or on behalf of such individual as required under a state Medicaid plan pursuant to § 1912(a)(1)(A) of the Social Security Act. To the extent payment has been made to such individual under a state Medicaid Plan and this *Plan* has a legal liability to make payments for the same services, supplies or treatment, payment under the *Plan* will be made in accordance with any state law which provides that the state has acquired the rights with respect to such individual to payment for such services, supplies or treatment under the *Plan*.

PHYSICAL EXAMINATIONS REQUIRED BY THE PLAN

The *Plan*, at its own expense, shall have the right to require an examination of a person covered under the *Plan* when and as often as it may reasonably require during the pendency of a claim.

PLAN IS NOT A CONTRACT

The *Plan* shall not be deemed to constitute a contract between the *employer* and any *employee* or to be a consideration for, or an inducement or condition of, the employment of any *employee*. Nothing in the *Plan* shall be deemed to give any *employee* the right to be retained in the service of the *employer* or to interfere with the right of the *employer* to terminate the employment of any *employee* at any time.

PLAN MODIFICATION AND AMENDMENT

The ***employer*** may modify or amend the ***Plan*** from time to time at its sole discretion, and such amendments or modifications which affect ***covered persons*** will be communicated to the ***covered persons***. Any such amendments shall be in writing, setting forth the modified provisions of the ***Plan***, the ***effective date*** of the modifications, and shall be signed by the ***employer's*** designee.

Such modification or amendment shall be duly incorporated in writing into the master copy of the ***Plan*** on file with the ***employer***, or a written copy thereof shall be deposited with such master copy of the ***Plan***. Appropriate filing and reporting of any such modification or amendment with governmental authorities, if applicable, and to ***covered persons*** shall be timely made by the ***employer***.

PLAN TERMINATION

The ***employer*** reserves the right to terminate the ***Plan*** at any time. Upon termination, the rights of the ***covered persons*** to benefits are limited to claims ***incurred*** up to the date of termination. Any termination of the ***Plan*** will be communicated to the ***covered persons***.

Upon termination of this ***Plan***, all claims ***incurred*** prior to termination, but not submitted to either the ***employer*** or ***claims administrator*** within three (3) months of the ***effective date*** of termination of this ***Plan***, will be excluded from any benefit consideration.

PRIOR PLAN COVERAGE

Employees and ***dependents*** who are covered under the ***employer's prior plan*** as of the day immediately prior to the ***effective date*** of this ***Plan*** shall be covered hereunder, provided they have elected coverage under this ***Plan***. ***Employees*** who have not satisfied the ***prior plan's*** waiting period shall become effective under this ***Plan*** upon completing the waiting period of the ***prior plan***.

PRONOUNS

All personal pronouns used in the ***Plan*** shall include either gender unless the context clearly indicates to the contrary.

RECOVERY FOR OVERPAYMENT

If this ***Plan*** pays benefits for ***covered expenses*** incurred by you or your dependents and it is found that the payment was more than it should have been, or it was made in error ("Overpayment"), this ***Plan*** or the ***claim administrator*** has the right to obtain a refund of the Overpayment amount from: (i) the person to, or for whom, such benefits were paid, or (ii) any insurance company or plan, or (iii) any other persons, entities, or organizations, including, but not limited to ***preferred providers*** or ***nonpreferred providers***.

If no refund is received, this ***Plan*** and/or Blue Cross and Blue Shield (in its capacity as insurer or administrator) has the right to deduct any refund for any Overpayment due up to an amount equal to the Overpayment, from:

- a. Any future benefit payment made to any person or entity under this ***Plan***, whether for the same or a different member; or
- b. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield administered ASO benefit program; or
- c. Any future benefit payment made to any person or entity under another Blue Cross and Blue Shield insured group benefit plan or individual policy; or
- d. Any future benefit payment, or other payment, made to any person or entity; or
- e. Any future benefit payment owed to one or more ***preferred providers*** or ***nonpreferred providers***.

Further, the ***claim administrator*** has the right to reduce your benefit plan's payment to a Provider by the amount necessary to recover another Blue Cross and Blue Shield's plan Overpayment to the same Provider and to remit the recovered amount to the other Blue Cross and Blue Shield's plan.

REIMBURSEMENT PROVISION

Notwithstanding anything to the contrary under this *Plan* document, if a *covered person* incurs expenses for *illness* or *injury* that occurred due to negligence of a third party and benefits are provided for covered services described in this *Plan*, the *covered person* agrees:

1. the *claims administrator* has the rights to reimbursement for all benefits the *claims administrator* provided from any and all damages collected from the third party for those same expenses whether by action at law, settlement, or compromise, by the *covered person* or their legal representative as a result of *illness* or *injury*, in the amount of the total *covered expenses* or *provider's* claim charge for covered services for which the *claims administrator* has provided benefits to the *covered person*, reduced by any network adjustments or other adjustments (e.g., *average discount percentage* (“ADP”)) applicable to the *covered person's* claim or claims.
2. the *claims administrator* is assigned the right to recover from the third party, or his or her insurer, to the extent of the benefits the *claims administrator* provided for that *illness* or *injury*.

The *claims administrator* shall have the right to first reimbursement out of all funds the *covered person*, or their legal representative, are or were able to obtain for the same expenses for which the *claims administrator* has provided benefits as a result of that *illness* or *injury*.

The *covered person* is required to furnish any information or assistance or provide any documents that the *claims administrator* may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability. (See provisions of this *Plan* regarding “*Claims Administrator's Separate Financial Arrangements with Providers and other Entities*.”)

STATUS CHANGE

If an *employee* or *dependent* has a status change while covered under this *Plan* (i.e., *dependent* to *employee*, COBRA to active) and no interruption in coverage has occurred, the *Plan* will provide continuous coverage with respect to any deductible(s), *coinsurance* and *Essential Health Benefits/non-Essential Health Benefits maximum benefit*.

TIME EFFECTIVE

The effective time with respect to any dates used in the *Plan* shall be 12:01 a.m. as may be legally in effect at the address of the *plan administrator*.

WORKERS' COMPENSATION NOT AFFECTED

This *Plan* is not in lieu of, and does not affect any requirement for, coverage by Workers' Compensation Insurance.

The *ADP* will often vary from claim-to-claim. The *ADP* applicable to a particular claim for *covered expenses* is the *ADP*, current on the date the *covered expense* is rendered, that is determined by the *claim administrator* to be relevant to the particular claim. The *ADP* reflects the *claim administrator’s* reasonable estimate of average payments, discounts and/or other allowances that will result from its contracts with *hospitals* and other *facilities* under circumstances similar to those involved in the particular claim, reduced by an amount not to exceed 15% of such estimate, to reflect related costs. (See provisions of this *Plan* document regarding “*Claim Administrator’s Separate Financial Arrangements with Providers.*”) In determining the *ADP* applicable to a particular claim, the *claim administrator* will take into account differences among *hospitals* and other *facilities*, the *claim administrator’s* contracts with *hospitals* and other *facilities*, the nature of the *covered expenses* involved and other relevant factors. Custodial Care

Care provided primarily for maintenance of the *covered person*, or which is designed essentially to assist the *covered person* in meeting his activities of daily living and which is not primarily provided for its therapeutic value in the treatment of an *illness* or *injury*. *Custodial care* includes but is not limited to help in walking, bathing, dressing, feeding, preparation of special diets and supervision over self-administration of medications. Such services shall be considered *custodial care* without regard to the provider by whom or by which they are prescribed, recommended or performed.

Room and board and skilled nursing services are not, however, considered *custodial care* (1) if provided during *confinement* in an institution for which coverage is available under the *Plan*, and (2) if combined with other *medically necessary* therapeutic services, under accepted medical standards, which can reasonably be expected to substantially improve the *covered person's* medical condition.

Customary and Reasonable Amount

The *customary and reasonable amount* will be (a) in the case of a health care *provider*, other than a *professional provider*, which does not have a written agreement with the *claim administrator* or another Blue Cross and/or Blue Shield Plan to provide care to *covered persons*, or is not designated as a *preferred provider* by any Blue Cross and/or Blue Shield Plan at the time covered services are rendered, the following amount:

- (i) the lesser of (unless otherwise required by applicable law or arrangement with the *nonpreferred provider*) (a) the *provider's* billed charges, and (b) an amount determined by the *claim administrator* to be approximately 100% of the base *Medicare* reimbursement rate, excluding any *Medicare* adjustment(s) which is/are based on information on the claim; or
- (ii) if there is no base *Medicare* reimbursement rate available for a particular covered service, or if the base *Medicare* reimbursement amount cannot otherwise be determined under subsection (i) above based upon the information submitted on the claim, the lesser of (unless otherwise required by applicable law or arrangement with the

nonpreferred provider) (a) the *provider's* billed charges and (b) an amount determined by the *claim administrator* to be 150% of the *negotiated rate* that would apply if the services were rendered by a preferred *professional provider* on the date of service; or

- (iii) if the base *Medicare* reimbursement amount and the *customary and reasonable amount* cannot be determined under subsections (i) or (ii) above, based upon the information submitted on the claim, then the amount will be 50% of the *provider's* billed charges (unless otherwise required by applicable law or arrangement with the *nonpreferred provider*), provided, however, that the *claim administrator* may limit such amount to the lowest contracted rate that the *claim administrator* has with a *preferred provider* for the same or similar services based upon the type of *provider* and the information submitted on the claim, as of January 1 of the same year that the covered services are rendered to the *covered person*.

The *claim administrator* will utilize the same claim processing rules, edits or methodologies that it utilizes in processing *preferred provider* claims for processing claims submitted by *nonpreferred providers* which may also alter the *customary and reasonable amount* for a particular service. In the event the *claim administrator* does not have any claim edits, rules or methodologies, the *claim administrator* may utilize the *Medicare* claim rules or edits that are used by *Medicare* in processing the claims. The *customary and reasonable amount* will not include any additional payments that may be permitted under the *Medicare* laws or regulations which are not directly attributable to a specific claim, including, but not limited to, disproportionate share payments and graduate medical education payments. In the event the *customary and reasonable amount* does not equate to the *nonpreferred provider's* claim charge, the *covered person* will be responsible for the difference between such amount and the claim charge, along with any applicable *copay*, *coinsurance* and deductible amount(s).

Any change to the *Medicare* reimbursement amount will be implemented by the *claim administrator* within one hundred and ninety (190) days after the effective date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.

The *customary and reasonable amount* will be (b) in the case of *nonpreferred professional providers*, the lesser of (unless otherwise required by applicable law or arrangement with *nonpreferred providers*):

- (i) the *provider's* claim charge, or;
- (ii) the *claim administrator's customary and reasonable amount*. Except as otherwise provided in this section, the *customary and reasonable amount* is developed from base *Medicare* reimbursements and represents approximately 100% of the base *Medicare* reimbursement rate and will exclude any *Medicare* adjustment(s) which is/are based on information on the claim. Notwithstanding the preceding sentence, (1) the *customary and reasonable amount* for *home health care* covered services will be 50% of the nonpreferred *professional provider's* standard claim charge for such covered services, (2) the *customary and reasonable amount* for ambulance services provided by *providers* (other than *providers* that bill through a *preferred provider*, which use a *negotiated rate*) will be such *provider's* billed charge, and (3) the *customary and reasonable amount* for other unsolicited *providers* will be the same as the *negotiated rate*.

When a *Medicare* reimbursement rate is not available for a covered service or is unable to be determined based on the information submitted on the claim, the *customary and reasonable amount* for nonpreferred *professional providers* will be 100% of the *claim administrator's* rate for such covered services according to its current schedule of maximum allowances. If there is no rate according to the schedule of maximum allowances, then the *customary and reasonable amount* will be 25% of claim charges.

The *claim administrator* will utilize the same claim processing rules, edits or methodologies that it utilizes in processing preferred *professional provider* claims for processing claims submitted by nonpreferred *professional providers* which may also alter the *customary and reasonable amount* for a particular covered service. In the event the *claim administrator* does not have any claim edits, rules or methodologies, the *claim administrator* may utilize the *Medicare* claim rules or edits that are used by *Medicare* in processing such claims. The *customary and reasonable amount* will not include any additional payments that may be permitted under the *Medicare* laws or regulations which are not directly attributable to a specific claim, including, but not limited to, disproportionate share payments and graduate medical education payments. In the event the *customary and reasonable amount* does not equate to the nonpreferred *professional provider's* claim

charge, the *covered person* will be responsible for the difference between such amount and the claim charge, along with any applicable *copay*, *coinsurance* and deductible amount(s).

Any change to the *Medicare* reimbursement amount will be implemented by the *claim administrator* within one hundred and ninety (190) days after the effective date that such change is implemented by the Centers for Medicaid and Medicare Services, or its successor.
